BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WYOMING:

Section 1. Section One, Chapter 107, Session Laws of Wyoming, 1953, is hereby amended and re-enacted to read as follows:

Section 1. Except as provided in Section Eight of this act, it shall be unlawful for any person or persons, firm, partnership, corporation or association to transport, or cause to be transported, any sheep by motor vehicle, railroad or any other means of transportation, except trailing or driving, from any county within the State of Wyoming to any other county, state, territory or country until the owner of such sheep, or his duly authorized representative, has executed a certificate of ownership, listing such sheep and has delivered the original thereof to the railroad agent, or to the person in charge if transportation is by means other than railroad.

Provided further, if transportation is to be by truck and more than one truck is to be used; and if the entire shipment is listed on one certificate of ownership; then the owner or person in charge of the shipment may apply for and receive from the county livestock inspector or a deputy livestock inspector, copies of a form approved by the Wyoming Live Stock and Sanitary Board for use with truck-fleet shipments and designated truck-fleet permit.

One such form shall be filled out for each truck engaged in transporting the shipment. When completed, the form shall show the date, name of driver, make and license number of the truck, point of origin and destination, and class and total number of sheep in the shipment. The serial number of the certificate of ownership shall be shown.

Each truck-fleet permit must be signed by an authorized livestock inspector of the county of origin or by the owner or shipper or his agent. The original shall be retained by the driver of each truck until his part in the movement of sheep has been completed. The copy shall be mailed or delivered to the county livestock inspector. A truck-fleet permit shall be valid and shall be used only for the shipment specified and on the date or dates shown.

Section 3. In making application for certificate of ownership, no motor vehicle operator, railroad agent, or other person in charge of the transportation of sheep may act as agent for the owner unless specifically authorized to so act, in writing, by the owner of the sheep or his authorized representative.
