BEFORE THE PUBLIC SERVICE COMMISSION OF WYOMING

IN THE MATTER OF THE ANSCHUTZ CORPORATION'S PETITION FOR A DECLARATORY JUDGMENT ON NON-UTILITY STATUS	Docket No. 90000-185-XO-25 (Record No. 17799)

NOTICE OF PETITION FOR DECLARATORY JUDGMENT

(Issued May 27, 2025)

Pursuant to the Wyoming Administrative Procedure Act and the Wyoming Public Service Commission's (Commission) Rules and Regulations, notice is hereby given of the Matter of the Anschutz Corporation's (Petitioner) Petition for a Declaratory Judgment on Non-Utility Status (*Petition*), as more fully described below.

1. On April 16, 2025, Petitioners filed their *Petition* for a declaratory order to confirm that Petitioners may sell electricity to one or two customers for the operation of industrial facilities, such as hyperscale data centers, that would be co-located with Petitioners' energy generation facilities in Carbon County, Wyoming, without becoming a public utility under Wyoming law and, therefore, without violating any existing Commission authorized certificated public utility service territory.

2. Petitioners are independent power producers that are currently developing several largescale electric generation facilities on a ranch located south of the City of Rawlins in Carbon County, Wyoming (the Ranch). Specifically, Petitioners are currently constructing a 3,550 MW wind energy facility on the Ranch. In addition, Petitioners are actively developing additional generation facilities on the Ranch, including 3,200 MW of gas-fired generation and a 1,000 MW solar generation facility.

3. With this extensive energy development already underway, Petitioners' state they are ideally situated to host one or two industrial facilities, such as hyperscale data centers. Accordingly, Petitioners wish to pursue the possibility that one or two customers could co-locate their facilities with the Petitioners' generation facilities on the Ranch and purchase electricity directly from the Petitioners. No other Wyoming utility facility would be required to transmit the power from the Petitioners' generation facilities to their customers. If the customers wished to purchase power from a Wyoming utility as well as from Petitioners, Petitioners would deliver its power behind the utility meter.

4. This is not a complete description of the *Petition*. Interested persons may inspect it at the Commission's office in Cheyenne, Wyoming. The Petition may also be viewed online at: https://dms.wyo.gov/external/publicusers.aspx (Enter Record No. 17799).

5. Anyone wishing to file a statement, intervention petition, protest or request for a public hearing in this matter must do so in writing on or before July 3, 2025. Any intervention request filed with the Commission shall set forth the grounds of the proposed intervention or request for hearing as well as the position and the interest of the petitioner in this proceeding. Please mention Docket No. 90000-185-XO-25 in all correspondence with the Commission.

6. If you wish to participate in this matter and you require reasonable accommodation for a disability, call the Commission at (307) 777-7427 or write to the Commission, 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002. Communications-impaired persons may contact the Commission through Wyoming Relay at 711.

7. Published notice in this matter shall consist of paragraphs 1 through 6 hereof.

8. This *Notice of Petition for Declaratory Judgment* is effective immediately.

MADE and ENTERED at Cheyenne, Wyoming, on May 27, 2025.

BY ORDER OF THE COMMISSION

(SEAL)

JOHN S. BURBRIDGE, Secretary
Wyoming Public Service Commission
2515 Warren Avenue, Suite 300
Cheyenne, Wyoming 82002
