Performance Highlights/Major Accomplishments of FY 2025:

Primary Function:

- The mission of the Wyoming Board of Certified Public Accountants is to ensure that consumers of accounting and auditing services are protected by requiring CPAs and CPA Firms to meet the highest level of professional competence.

Major Accomplishments of FY 2025:

- The Board staff and advising attorney negotiated a contract to continue use of our current online licensing service until a replacement service can be established.
- The Board staff made the necessary changes and adjustments to allow CPA exam candidates to easily apply to the new BEC section of the uniform CPA exam as required by NASBA.
- The Board has streamlined many of our processes to make them more efficient and staff to be able to better serve the clients
- The Board staff has implemented and continues to work on creating a full manual for all the functions of the office and ensure the continuity of knowledge of Board procedures for future Board members and employees.
- The Board staff continues to work diligently to move to a paperless setup and away from the current filing system in place.
