

# Wyoming Board of Architects and Landscape Architects

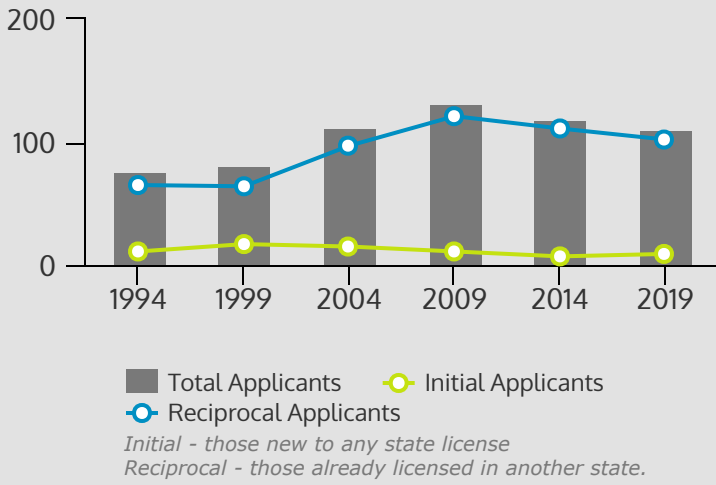

## March 2020 Licensing Statistics

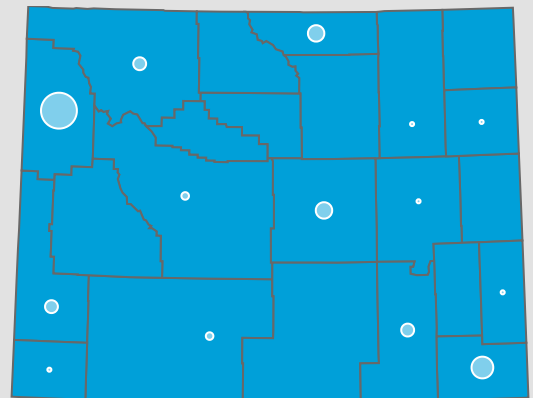

### WY Licensees by Resident State

### Applications Over the Years...

### Licensees in the State

Of the Wyoming resident licensees, 85 reside in Teton county, 23 in Laramie county, 14 in Sheridan county, and 13 in Natrona county.

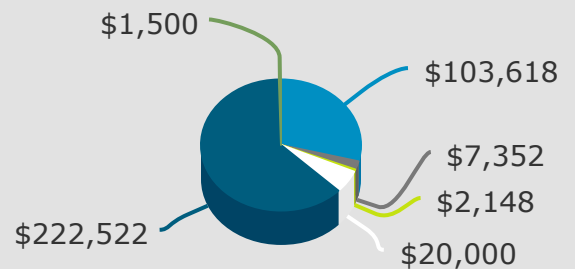

### Outreach

Better outreach = better compliance. The Board engages licensees through newsletters, email updates, and presentations at professional events.

The Board also endeavors to engage licensees by holding board meetings in the counties where the majority of licensees reside: Teton, Laramie, and Sheridan counties.

Feedback is positive, complaints have decreased, and the Board has increased its transparency to the public and licensees.
