FISCAL NOTE FORM

HB 0172

FISCAL IMPACT - ADMINISTRATIVE.Will passage of this bill require/reduce expenditures? Yes X No Will passage of this bill require/reduce personnel? Yes No XDescription:

As the bill is written, it will definitely require the PSC to hold a rulemaking hearing (probably held in Casper and most likely to require the attendance of the Commissioners and three staff members). Hearings would have to be held on individual companies and their unbundled rate filings. However, because the bill does not require natural gas utilities to unbundle unless they intend to compete in the territory of other utilities, it will be difficult to estimate the number of such hearings that would have to be held.

Expenditure detail:

	FY 1998	FY 1999	FY 2000
Personnel/Benefit costs:			
Supportive service and equipment costs:	\$3,110	**	**
Space rental costs:			
Computer charge costs:			
Capital expenditures:			
Contractual services costs:	\$900	**	**
Other costs:			
Total costs:	\$4,010	**	**
Funding:			
General:	\$0		
Federal:	\$0		
Other:	\$4,010	**	**

Assumptions:

The above assumes that a rulemaking hearing will be required. The estimated costs consist of transcripts (\$900), legal advertisements and radio announcements (\$1500), two state cars (\$170), employee per diem for a four day hearing (\$1440). **Costs for hearings are not estimated.

The PSC budgets for rulemaking activity. Therefore, the activities and expenditures described on this form would not, by themselves, cause PSC expenditures or personnel needs to increase to the degree that the Commission would have to seek increased funding or personnel positions from the Legislature in the budget development process.
