## **Emergency Shelter Grant Annual Report**

**Federal Fiscal Year 2010**  
(January 1 – December 31, 2010)

**State of Wyoming  
Department of Health  
Rural and Frontier Health Division  
Community Services Programs  
6101 Yellowstone Rd., Ste. 510  
Cheyenne, WY 82002  
(307) 777-8940**

**Jim Rolf, Manager, Community Services Programs**  
**Prepared by: Tricia Dean, Program Specialist, Emergency Shelter Grant Program**

**February 2011**

## **Overview:**

Wyoming's Emergency Shelter Grant (ESG) Program is administered by the Wyoming Department of Health, Rural and Frontier Health Division, Community Services Programs. In accord with the state's HUD Comprehensive Plan, Wyoming received \$184,531.00 in Federal Fiscal Year 2010 (January 1 through December 31, 2010) funding. Per HUD regulations, 5% of that amount (\$923.00) was retained for state level administration and the remainder was distributed to five (5) homeless shelters and two (2) supportive services programs. The five shelters were (1) the Campbell County Council of Community Services Way Station in Gillette, Wyoming; (2) the Fremont County Good Samaritan Center in Riverton, Wyoming; (3) COMEA House and Resource Center in Cheyenne, Wyoming; (4) Community Action Partnership of Natrona County in Casper, Wyoming; and (5) the Sheridan County Volunteers of America Shelter in Sheridan, Wyoming. The supportive services programs were conducted by Community Action of Laramie County, Inc. (CALC) in Cheyenne, Wyoming and the Yellowstone Country Assistance Network in Cody, Wyoming.

During the fiscal year, 7,529 persons were served, with the majority of people receiving 31+ nights of lodging at homeless shelters (58%). The largest category of people housed by age group was 40 to 49 year olds who comprised 23% of the total, and a majority of people served (51%) listed their residence as within the local county of the homeless shelter while 33% listed their residence as out-of-state. Veterans accounted for 13% of these services. 63,355 total nights of shelter and lodging were provided and 85,789 meals were served to homeless or near homeless individuals. Details of the expenditures and categories of people served are included in the following pages.

While the ESG funding is only a small part of the overall efforts to serve homeless and at-risk for homelessness clients in Wyoming, the five shelters continually apply for the annual funding and report during monitoring visits that the funding is critical to their overall programs. The ESG Program, as part of the state's Comprehensive Plan, participates in a state-wide public hearing by teleconferencing with potential users around the state. Interested programs prepare applications for ESG funding based on the criteria identified in the state's Emergency Shelter Grant (ESG) Program State Plan and Operations Manual. Successful applicants are notified of awards and contracts are initiated by Community Services Programs, approved for format by the Attorney General of the state, and signed by authorized persons from the homeless shelter programs and the State of Wyoming. Authorization is given to those qualifying shelter programs to conduct activities and funds are distributed when made available by HUD. In accordance with the HUD requirement that funded activities be matched by an equal amount of funds from sources other than the ESG Program, participants reported \$721,212.18 in cash donations and \$2,568,506.31 in non-cash donations and volunteer labor; for a total of \$3,289,718.49 to match the \$184,531.00 in federal ESG funds (a ratio of 17:1).

A complete list of recipient agencies and demographic analyses of individuals and families served is available for review by the public through the following pages. This report is published by Community Services Programs and forwarded to HUD via the Wyoming Business Council.

## STATE OF WYOMING

### EMERGENCY SHELTER GRANT (ESG) PROGRAM
