OF THE

Twenty-ninth State Legislature

FIRST DAY

Hall of the House of Representatives,
Cheyenne, Wyoming, January 14, 1947.

At the hour of 12:00 noon on Tuesday, the fourteenth day of January, A. D., 1947, being the hour and day designated by the Constitution of the State of Wyoming for the assembling of the Legislature in regular biennial Session, the members-elect of the House of Representatives of the Twenty-Ninth Legislature of the State of Wyoming assembled in the Hall of the House, in the Capitol, at Cheyenne, the seat of the State Government, and were called to order by Honorable Arthur G. Crane, Secretary of State, who thereupon requested the Reverend H. E. Shepherd to deliver an invocation.

The Deputy Secretary of State, Mr. T. C. Thompson, called the roll of the House, and the following members-elect responded to the roll call:

Present: Messrs. Anderson, Armstrong, Barlow, Bon, Boschetto, Boyer, Byerly, Carpenter, Chamberlain, Champion, Cranney, Crowell, Daniels, Dayton, Fenex, Fleischli, Foote, Gapen, Groesbeck, Hamblin, Hammond, Hanner, Hardy, Harrison (Laramie County), Harrison (Sheridan County), Hoffman, Hubbard, Jeffrey, Johnson, Jones, Keith, Kinnaman, Lees, Littlefield, Marquiss, Mayland, McMaster, Mitchell, Mockler, Morrison, Murphy, Orme, Oxley, Petre, Shaw, Small, Snodgrass, Spargur, Storm, Sullivan, Taylor, Walker, Wilson (Teton County), Wilson (Laramie County), Witherspoon.

The roll call showed:

Present—55.

The Honorable Arthur G. Crane, Secretary of State, then addressed the House as follows:

Gentlemen of the House of Representatives of the Twenty-Ninth Wyoming Legislature:

In behalf of the people of Wyoming in my official capacity as Secretary of State, I bid you all welcome.

I find my situation somewhat amusing to me. For many years, and in several States, I have been an active member of the Third House. This is the first time, however, in all these years that I have had the privilege of talking to the entire group of legislators all at once and under the sanction of the Constitution and the laws of the State, while my audience is held captive by the law of the land.

The people of Wyoming have entrusted to you many matters of extreme importance to them. They have imposed their trust in you.

You are convening at a critical period in Wyoming's history. The actions you take; the projects you approve and continue; the new things that you establish, will in the next two years fix the program of the State development and welfare for decades to come.

This session is particularly important because it is a session of transition and decision. The times are critical and your responsibilities correspondingly greater and more acute because you are meeting at the close of the greatest and most devastating war in history. The period following any great war, during which the American people act in unity and harmony and loyally respond to the war enterprise, has always been followed by a period of reaction; a period of readjustment; a period of return to times of greater individual freedom, period of let-down.

Wars upset old established customs. Wars test the strength of every human institution. Wars jar us loose from old customs and prejudices. Wars promote new things; new discoveries, many of which may carry over into peacetime industry. No one yet has been discovered with sufficient wisdom to foresee the possible changes which may come from the discovery of atomic power. Wars bring larger responsibilities. Leadership is forced upon governments by the outcome of wars, and particularly by victory. Wars destroy the balance between established factors, social, economic and political. Wars create new industries, new services, and new opportunities. Wars reveal weaknesses in human institutions.

You are convening at a critical time. The effects of war requires new and revised legislation. It is not my function to give you advice. I am only a member of the Third House and a citizen of Wyoming. I believe, however, that I am speaking in some degree for the people of Wyoming who are looking to you this year more earnestly than ever before, knowing that the decisions you make will carry consequences for years into the future.

As I have already said, Wyoming trusts you. Wyoming watches you. Wyoming has confidence in your common sense backed by your experience. Wyoming trusts your sense of justice. Wyoming has faith in your ability. Wyoming knows you will be faithful to the trust imposed upon you. Wyoming government is, in a peculiar and vital sense, on trial today and in the immediate years ahead.

The Honorable Secretary of State then appointed Messrs. Bruce Jones of Laramie County, William H. Harrison of Sheridan County, and Elmer Kinnaman of Carbon County to escort Mr. Shaw to the Chair of the Chief Clerk. Mr. Shaw thanked the members for the honor bestowed upon him.

Election of Temporary Speaker

On motion of Dr. C. H. Carpenter of Natrona County, the Honorable C. W. Jeffrey of Carbon County was unanimously elected as Temporary Speaker.

The Honorable Secretary of State appointed the Messrs. Andrew McMaster of Niobrara County, Gilbert Small of Platte County, and Charles E. Hanner of Washakie County as escorts for the Honorable Dr. C. W. Jeffrey. The Honorable Secretary of State introduced Dr. Jeffrey who responded with a brief address.

Committee On Credentials

Mr. Herman Mayland of Big Horn County moved that a Committee on Credentials be appointed. The motion prevailed and the Temporary Speaker appointed the Honorable William Henry Harrison of Sheridan County as Chairman to serve with the Chairman of each County delegation. The Temporary Speaker then declared the House would stand at ease subject to the call of the Chair to await the action of the Committee on Credentials.

The Temporary Speaker called the House to order and the following report of the Committee on Credentials was read.

Report of Committee on Credentials

Cheyenne, January, 14, 1947

Mr. Temporary Speaker:

Your Committee on Credentials beg leave to report that they have received from the Secretary of State a certified list showing the names of the duly elected members of the House of Representatives of the Twenty-Ninth Wyoming State Legislature.

The certified list also contains a statement showing that two men from Uinta County received an equal number of votes in the election as the second member of the delegation in the House of Representatives from that County. Mr. Despain, one of these men, has since withdrawn his name. It is therefore the recommendation of your Committee on Credentials that Samuel Corson of Uinta County be seated as one of the duly elected members of the House of Representatives of the Twenty-Ninth Legislature of the State of Wyoming.

(Signed) WILLIAM HENRY HARRISON,
Chairman

The State of Wyoming
Office of the
Secretary of State

Mr. Norman Barlow of Sublette County moved that a Committee of two be appointed by the Temporary Speaker to escort Mr. Oxley to the Chair. The motion prevailed and the Honorable E. Pat Murphy of Carbon County and the Honorable Donald Hubbard of Albany County were appointed on such Committee.

The oath as required by the Constitution and Law was then duly administered by Chief Justice William A. Riner of the State of Wyoming.

The Temporary Speaker presented the Speaker to the members of the House of Representatives of the Twenty-Ninth Legislature and presented him with the gavel.

Mr. Oxley addressed his colleagues stating, "I want to assure you of my deepest appreciation in accepting the great honor that you have conferred upon me. I also realize the great responsibility that goes with this honor.

We have emerged from a great war and all the pent up emotions that have been forgotten will now be remembered. The greatest forbearance and restraint must be exercised in order to accomplish the tasks before us.

I assure you I will do my best and ask for indulgence for the many mistakes that I may make, but I assure you I will do my level best to make them honestly."

Mr. E. L. Chamberlain of Goshen County nominated Mr. Harry Littlefield of Fremont County for Speaker Pro-Tem.

Mr. Elmer D. Kinnaman of Carbon County seconded the nomination of Mr. Littlefield and moved that the nominations be closed and that the Temporary Chief Clerk be instructed to call the roll, which resulted as follows and showed Mr. Littlefield unanimously elected Speaker of the House.

Senate File on First Reading

The following Senate File was received, read the first time and referred to the Committee indicated.

S. F. No. 1

Introduced by Committee No. 1.

A BILL for AN ACT amending and re-enacting Section 16-401, Wyoming Compiled Statutes, 1945 (being the same section as Section 112-102, Wyoming Revised Statutes, 1931, as amended by Chapter 43, Session Laws of Wyoming, 1941) relating to amendment, alteration or repeal of laws.

Referred to Committee of the Whole.

Unfinished Business

Mr. Mayland offered the following motion:

January 15, 1947

Mr. Speaker:

I move that the Temporary Rules of the Twenty-Ninth Legislature be made the permanent Rules of the Twenty-Ninth Legislature with the following amendments:

Rule No. 4 on Standing House Committees

Add a new Standing House Committee, No. 21—Welfare

Rule No. 41—substitute (18) for (19)

And as so amended be adopted as the permanent Rules of the Twenty-Ninth Legislature.

(Signed) HERMAN MAYLAND,
Big Horn County

The roll call on said motion resulted as follows:

Ayes: Messrs. Anderson, Armstrong, Barlow, Bon, Boschetto, Boyer, Byerly, Carpenter, Chamberlain, Champion, Corson, Cranney, Crowell, Daniels, Dayton, Fenex, Fleischli, Foote, Gapen, Groesbeck, Hamblin, Hammond, Hanner, Hardy, Harrison (Laramie County), Harrison (Sheridan County), Hoffman, Hubbard, Jeffrey, Johnson, Jones, Keith, Kinnaman, Lees, Littlefield, Marquiss, Mayland, McMaster, Mitchell, Mockler, Morrison, Murphy, Orme, Petre, Shaw, Small, Snodgrass, Spargur, Storm, Sullivan, Taylor, Walker, Wilson (Teton County), Wilson (Laramie County), Witherspoon, Mr. Speaker.

Ayes—56.

Thereupon, Mr. Speaker declared that a majority of the members present having voted in the affirmative, said motion prevailed.

Consideration of Bills on General File

Mr. Mayland moved that the House resolve itself into a Committee of the Whole for the consideration of bills on General File. The motion prevailed.

Mr. Speaker requested Mr. Mockler to preside as Chairman of the Committee of the Whole.

Present: Messrs. Anselmi, Austin, Bartling, Bower, Buchenroth, Burke, Carroll, Chamberlain, Chittim, Coke, Cross, Greene, Grieve, Hunter, Josendal, Kurtz, Luman, Miller, Norris, Phifer, Riedel, Robertson, Rymill, Smith, Stevenson, Wilson, Mr. President.

Present—27.

Speaker Oxley then ordered the Chief Clerk of the House to call the roll of the House. The roll call of the House resulted as follows:

Present: Messrs. Anderson, Armstrong, Barlow, Bon, Boschetto, Boyer, Byerly, Carpenter, Chamberlain, Champion, Corson, Cranney, Crowell, Daniels, Dayton, Fenex, Fleischli, Foote, Gapen, Groesbeck, Hamblin, Hammond, Hanner, Hardy, Harrison (Laramie County), Harrison (Sheridan County), Hoffman, Hubbard, Jeffrey, Johnson, Jones, Keith, Kinnaman, Lees, Littlefield, Marquiss, Mayland, McMaster, Mitchell, Mockler, Morrison, Murphy, Orme, Petre, Shaw, Small, Snodgrass, Spargur, Storm, Sullivan, Taylor, Walker, Wilson (Teton County), Wilson (Laramie County), Witherspoon, Mr. Speaker.

Present—56.

Prayer was offered by the Chaplain of the House, Rev. H. E. Shepherd.

Messrs. George Burke and Charles M. Smith of the Senate and Frank C. Mockler, Elmer D. Kinnaman, Charles E. Hanner, J. Robert Hamblin, Clarke Gapen, and Harry L. Littlefield of the House were excused to escort His Excellency, the Governor to the Hall of the House of Representatives to deliver his message to the Joint Session. His Excellency, the Governor, arrived at 2:15 p. m. in the House of Representatives and was presented to Speaker Oxley.

President Zoble presented His Excellency, the Governor, to the members of the Joint Session and the Governor immediately proceeded to deliver his message to the Twenty-ninth Legislature as follows:

GOVERNOR'S MESSAGE

to the Twenty-ninth State Legislature

Mr. President of the Senate, Mr. Speaker of the House
Gentlemen of the Twenty-ninth Wyoming State Legislature:

As directed by the Constitution of the State of Wyoming, the Governor shall, "at the commencement of each session, communicate to the Legislature by message information of the condition of the State and recommend such measures as he shall deem expedient."

Before discharging that executive privilege and duty, I wish to extend to you a most friendly welcome to the Capital City and to the halls of the State Legislature. To those of you who are serving for the first time, may I say that you are entering a service which definitely is an outstanding event in your lives and one from which you will derive great pleasure and satisfaction. It is always a pleasure for me to return to the realm of my first experience in State Government, the halls of the State Legislature, and a profound respect for the legislative branch of our State Government dictates a most cordial greeting from the Executive to its full membership on this occasion.

It is with a deep sense of gratitude that I take this opportunity to express my appreciation of the many assurances of cooperation I have received from the members of this distinguished body, and I want here and now to pledge to you my wholehearted cooperation, that together we may be of the greatest possible service to all of our people.

So we proceed to our duties with a common oath supported by loyal devotion to public duty binding us together in the service of all the citizens of Wyoming. Jointly, the actions we take reach into every home in this great state of ours, and the result of our joint deliberations here under the dome of this majestic State Capitol Building affects directly the prosperity, the security, and the well-being of all of our people.

The information on the condition of the State and the measures which I deem expedient and recommend are not submitted in the light of any superior knowledge but are the result of fourteen years of personal experiences; while servicing two sessions in this body, close contact with and observance of our State Government for eight years as your Secretary of State, and four years as Chief Executive;

and may I invite you as a body or individually to call upon me at any and all times for any advice or information that may assist you in your deliberations.

Constitutional Amendments

First, may I suggest the adoption again by this body of the four resolutions passed by the twenty-eighth session and submitted to a vote of the people in the form of Constitutional Amendments, all of which failed to carry a majority of all votes cast in the immediate past election. These amendments failed of adoption solely because the people were uninformed and, from the amendments as they were placed on the ballot, had no way of knowing what they were supposed to accomplish. It is the privilege of this body to state in the resolution the exact phraseology to be used on the printed ballot, and I suggest that this procedure be followed, to the end that the people may be fully informed when voting and an affirmative vote will result.

I should like to suggest for your consideration one additional amendment, namely: to allow your state to participate with the Federal Government and local governments in the building of hospitals. A state-wide hospital survey conducted during the summer of 1945 showed that no community in the State of Wyoming has at the present time adequate hospital facilities. A hospital is the life-giving and the life-taking center of every community, and the advantages of hospitalizing any sick person are now so well known that ever-increasing use is made of the meager hospital facilities now existing.

The Federal Hospital Act provides for participation by the Federal Government with local and state governments in the building of hospitals. This bill also requires the designation of a state agency through which Federal moneys shall be channelled to political subdivisions. Allocations of moneys have already been made for the State of Wyoming, but they cannot be utilized until such time as this body acts and designates a state agency as well as an advisory body to administer the Act in Wyoming. I feel that the State can afford no greater service to a community than to assist, if possible, in this program of hospital construction.

Public Lands and Farm Loans

The activity reported to you two years ago in the Department of Public Lands continues, and the business of the Department has been exceedingly heavy. Oil and gas leases applied for and issued have been by far the largest in number in the history of the Department. The same is true as to grazing and agricultural lands; less than two per cent remain vacant. The inspection and classification of state and school lands, so long neglected but so badly needed in order to fix rentals equitably, have proceeded consistently, and this work is now completed in ten counties. Sales of state lands during the present administration average about thirty per cent of the average per annum sales since the Land Office was organized. Regardless of the increased work load, personnel has been reduced to nineteen as compared with twenty-seven previously employed.

The office of the State Mineral Supervisor is understaffed, having only two employees, the supervisor and a stenographer-clerk. A deputy supervisor is badly needed. There are approximately twenty-five persons employed in the State supervising the production of oil

on federally owned lands, while our State Government employs only one. This is a very costly practice to the State. A deputy supervisor will increase revenue to the State many times a salary paid, and better conservation practices can be enforced. Surely a state that ranks sixth among the forty-eight states in the production of oil should employ more than one person to supervise that production.

Farm Loan Department

A rare opportunity is afforded this session of the Legislature in the abolishing of a department of state government, namely: the Farm Loan Department, created in 1921. It has been of great service to the farmers in the State but finds itself today definitely in a position of self-liquidation, in that loans are being rapidly paid in full at an average of approximately 25 a month, while only 8 new loans were made in 1946. Where at one time this department had as high as 3,359 loans, it now has approximately 900, and while at one time these loans were as high as 46 per cent delinquent, today delinquencies have been reduced to .54 of one per cent. The making of new loans should be discontinued, since life insurance companies, three Federal agencies, and private banking concerns now desire and are in a position to handle this business.

The Department can be liquidated without loss to the State. This department was originally set up as a relief agency; it has served its full purpose, as farmers and bankers of this state are not only no longer in need of relief, but are in the best financial condition in the history of our state. Since the last regular session of this body, this department has paid from the Surplus Fund into the Common School Land Income Fund \$240,000.00.

I recommend the combining of the duties and functions of the Farm Loan Department with the State Board of Land Commissioners and abolishing the office of Assistant Farm Loan Commissioner, since the Commissioner has been in the past year only a part-time employee and a single clerk can handle the small amount of work in this department.

Drainage Districts

The investment of \$2,396,551.00 of the Common School Permanent Land Funds in drainage and irrigation districts in the Big Horn Basin has been reduced \$400,000.00, or 16 per cent, in 26 years. From time to time when delinquencies on both interest and principal became too great, new bonds were issued in amounts totalling the old bond and all delinquencies of principal and interest and at reduced interest rates for long periods of years. Some of these bonds do not mature until the next century and are already again delinquent. This large investment of school funds can be protected only by most diligent and conscientious service on the part of the State Board of Land Commissioners and the Drainage Commissioner, and in event the State eventually takes a substantial loss, the loss must be met by an appropriation from the General Fund.

Federal Lands

Wyoming and the other western states have no more important problem before them today than the public land question. From time to time, more and more lands continue to pass to Federal ownership, with the result that the ad valorem tax base of our state is

gradually decreasing until at the present time 60 per cent of the land area of Wyoming is under Federal jurisdiction. There have been before Congress, and there will be reintroduced, certain bills authorizing payment to the states of certain fees in lieu of ad valorem tax losses due to Federal ownership of lands, and your state officials are urging favorable action by the Congress on these measures.

It has long been recognized that Wyoming will never reach full stature, that our possibilities of development and our rights as a State will never be fully attained, until the Federal Government relinquishes to the State or to our citizens individually the tremendous areas of our lands now federally-owned and controlled. This tremendous acreage with its underlying natural resources should be on the tax rolls, thus supporting state and units of local government. We should and we will energetically continue to prosecute our claim against the Federal Government for relinquishment of these lands. Until the time when Wyoming shall become master of her own destiny, the future development, growth, prosperity, and even the happiness and contentment of our people cannot and will not reach full fruition.

Public Welfare

There has been in the last two years a considerable increase in the average grants of old age assistance, aid to dependent children, aid to the blind, and direct relief, which has advanced Wyoming from twenty-first to fifth position among the forty-eight states of the Union in amount of average grants. This body has been generous in its appropriations, which has made these increases possible, and I urge for the ensuing two-year period only a moderate increase in appropriations necessary to maintain the present schedule of payments and to take care of an anticipated increased load which is sure to follow the unusual inflationary period we are now experiencing.

Juvenile Delinquency and Children's Services

Realizing the need for a better service to children in the State, there was created within the Welfare Department a Division of Children's Services under the direction of an experienced, trained member of the staff charged with the additional responsibility of administering this service. The plan apparently has been quite successful. The Welfare Department has three trained supervisors traveling the State, and the county case workers and welfare directors have cooperated splendidly. Reports from city officials throughout the State indicate a gradual decrease in juvenile delinquency. It is my desire and my suggestion that this Division of Children's Services continue, and no special appropriation is requested since no additional personnel is required.

Probation and Parole

The Probation and Parole facilities provided by this body are proving most beneficial to youngsters who come in conflict with the law for the first time. A total of 474 violators have been placed on probation to this service, and 193 are now under supervision. 91 plus per cent have been successfully supervised and have gotten into no further trouble, and thus only 9 per cent have subsequently been sent to corrective institutions. Since the cost of maintaining a boy or a girl in our two State institutions approximates \$970.00 a year,

the tremendous savings to the State through the functioning of this Probation and Parole service is clearly evident, but the more important aspect of keeping these youngsters from having a record in a penal institution, getting their thinking straightened out, and getting them started on the straight and narrow cannot be estimated even in dollars and cents.

A great confusion exists in our statutes with reference to Probation and Parole. Four agencies, namely: Board of Charities and Reform, Board of Pardons, Probation and Parole Board, and the Governor's Office, are separately and, in some cases, jointly charged with identical responsibilities. For the sole purpose of clarifying our statutes, the Attorney General has prepared a new bill covering this service for your consideration.

Highway Department

Keeping the State Highway system well maintained and in good condition for travel was a major activity of the Highway Department for the first year of the present two-year biennium, while for the second year new construction has gotten well under way. The Department had surveys and plans in readiness for this post-war building program, and ten million dollars in contracts were awarded in 1946. Seventy-four projects are in the process of construction at the present time. The three-year post-war highway plan calls for the expenditure of approximately 27 million dollars and the building, in round numbers, of 1,000 miles of primary system roads, 500 miles of secondary roads, and 10 miles of city streets. Your Highway Department, during the war years, carefully nurtured its funds and is in a position to finance the State's participation in this program. As in every department of State Government, the cost of construction of highways has increased 40 to 50 per cent.

The Department of Agriculture is at the present time charged with the responsibility of the inspection of scales and gasoline pumps. This is a function of State Government that can be performed more economically and effectively by the Highway Patrol of the Highway Department. I therefore recommend the transfer of these duties to the Highway Department.

I also recommend the repeal of the 1941 statute limiting the appropriation for the Highway Patrol to \$200,000.00, and I further request the earmarking of \$25,000.00 of Highway moneys for the sole purpose of conducting an energetic, intelligent highway safety program.

Highway fatalities in Wyoming in 1946 showed a greater increase over 1945 than in any other state in the Union. In the last twelve years, 1,232 lives have been lost on Wyoming highways. Deaths on our highways can be reduced by a campaign such as I have just suggested. Previous experiences in Wyoming prove this statement. In 1937, Wyoming had 132 deaths on our highways. Nineteen thirty-eight showed an appreciation in miles traveled, yet as a result of a state-wide consciousness aroused by an energetic safety campaign, deaths were reduced to 103. Results will not and cannot be accomplished, however, if this program is not properly set up and administered energetically and made a primary objective instead of a hit or miss, spasmodic, secondary project as has been the case during the past year, for which I criticize no one

Driver's License Law

For a great many years I have recommended a driver's license law for Wyoming. I reiterate this recommendation, and it is done solely for the purpose of saving human lives. Forty-six states have driver's license laws; never has one been repealed, and always amendments to a driver's license law place more teeth in the law. There is absolutely no question but what a driver's license law raises the standard of driver performance. In the first instance, the standard driver's license law will take off the highway only a small number of drivers, namely: the blind, those afflicted with epilepsy, the habitual drunkard, and any other person who for a physical reason cannot safely drive a car. A driver's license law was enacted by the 1937 Wyoming State Legislature, but due to an error in enrolling the law, two pages were deleted and the measure had to be vetoed.

Time will not allow a thorough discussion of this problem in this message, but I earnestly invite your careful consideration of this measure, sincerely hoping and believing that in its adoption lives of Wyoming people will be spared.

Aviation

The Federal Airport Act provides participation on the part of the Federal Government to assist in the construction of airports on a basis very similar to the State-Federal Cooperative Highway Construction Program, excepting that now, due to the failure of the Constitutional Amendment, participation must be solely by political subdivisions. Without exception, political subdivisions in Wyoming are not in a position financially to match Federal funds. Unless authority is granted political subdivisions to raise these funds by a special act, development of aviation and the establishment of feeder air lines will be seriously retarded. I urge, therefore, your favorable consideration of legislation allowing cities or counties, as the case may be, to form airport districts and to levy for airport construction. There is only one other possible method of fund-raising, which is the issuance of bonds, but the mill levy seems the most direct approach.

At the suggestion of the various states, the Council of State Governments has prepared uniform aviation bills which have been approved by the C. A. B. and the C. A. A. The Wyoming State Aeronautics Commission urges their adoption by Wyoming. I concur in the request.

National Guard

It is imperative that we reestablish and reorganize the Wyoming National Guard. From our earliest history, our people have consistently resisted the maintenance of large, professional armed forces. Time will not permit, and it is not my purpose to discuss the merits or demerits of the method of providing for our common defense. However, it is evident that the only substitute for a large professional military establishment is the maintenance of civilian reserve components. We need only to recall the experiences of the past forty-eight years, less than the life span of many of us present today, to recognize the fact that within this brief period of years Congress has mobilized our National Guard on four occasions in order to meet national emergencies. Wyoming has always main-

tained its proportionate share of these reserve forces, and the record of the Wyoming National Guard in these emergencies merits our confidence and full support.

Early last year, the Governors of the forty-eight states were urged by the Chief of Staff of the United States Army to accept enlarged quotas of National Guard troops and to proceed to organize these Guard units with the greatest possible dispatch. Wyoming's allocation consists of a Fighter Squadron of Air Forces together with supporting troops, a Mechanized Cavalry Reconnaissance Squadron, an Armored Battalion of Field Artillery, an Ordnance Maintenance Company, a band, and an administrative staff, a total allocation of 1,638 officers and men. These allocations were made by the War Department in direct proportion to the physically-qualified manpower of our state.

Under the National Defense Law, each state is required to provide the necessary manpower, provide necessary armories, and administer the National Guard during times of peace. Considerable financial assistance is provided by the War Department together with the furnishing of equipment and supplies and the paying of employees to care for such. Regular Army instructors are detailed to duty in this state for instructional purposes.

Our National Guard at present has ten armories and an excellent permanent field training camp at Guernsey. Most of these armories need repairs, alterations, and enlarging. Units have been allocated to each city where armory facilities presently exist and, also, to Cody and Worland where facilities must be provided. To date, over half of our National Guard units have been organized and federally-accepted and are engaged in active training work. The Federal Government's participation in the Wyoming National Guard is estimated to be \$600,000.00 per year. In addition, the State will be loaned over 600 motor vehicles and 34 modern airplanes of various classes, the maintenance cost of which, provided for by the Federal Government, will add revenue of an estimated one-half million dollars to our state if we in turn provide only moderate assistance to our National Defense Program.

For these brief reasons, and because I believe wholeheartedly in the maintenance of adequate national defense, I earnestly command your careful consideration of our state's providing its share of our nation's needs. In this atomic age, you will agree with me that never again will our country have that precious two or three years to get prepared for war.

Election Laws

I reiterate a recommendation previously made to this body, namely: that there be provided a commission of five members, consisting of the Secretary of State, the Attorney General, one member of the House of Representatives, one member of the Senate, and one County Clerk to be selected by the four proposed members of the commission just named, for the purpose of a careful study and revision of Wyoming Election Laws. The Political Science and Law Departments of the University have offered their services to such a commission and have already made some preliminary studies and reports.

A revision of our election laws can only be successfully accomplished providing the membership of this committee has the knowl-

edge, the time, and the clerical assistance to accomplish the work properly and adequately. To assign this work to any group not having the specialized knowledge of which I speak would probably produce even more confusing and contradictory election laws than we now have.

I should like to make this further observation. It is the spirit and definitely the intent of the Wyoming State Constitution not only to give our citizens the right to vote but to make it easy for them to do so. Consistently, all down through the years, as amendments and changes have been made in our election laws, the primary objective seems to be to make it more and more difficult for a person to exercise his right of franchise, until voting is today so complicated and even mystifying to some people that many of our citizens refuse even to attempt to vote. I urge that this theory and this tendency which are restricting the exercising of the franchise in Wyoming be corrected and revised, to the end that our people, regardless of their position in society or their degree of intelligence, not be intimidated from going to the polls and casting their vote. The electorate of Wyoming are honest people, and it is definitely unfair that thousands of our citizens be prevented from voting simply to avert the casting of a ballot by a very, very few people who may not meet the exacting qualifications of an elector.

Eighteen per cent of the membership of this House had no opposition in the recent general election, and very few had opposition in the primary. Each succeeding election it becomes more and more difficult to obtain candidates for this body. To make membership in the House more attractive, to invite more candidates, I again suggest that the term of House members be made four years.

Retirement Act

In my message to the 1945 Legislature, I urged that you provide some form or type of a retirement act for Wyoming State employees. Thirty-eight states have retirement acts, and Wyoming should have. This type of security for employees now reaches into almost every field of endeavor. Private business concerns, corporations, schools and colleges, and practically all labor, excepting domestics and agriculture, is now covered by Federal or some form of retirement plan. It is definitely unfair that state employees continue to be discriminated against by not being allowed to participate in a retirement plan.

It is surprising to find such a large number of state employees who have served this state faithfully and well for a great number of years. One employee is now in his fiftieth year of service to the State, two are serving in their forty-fourth year, and three are in their forty-third year. We have 8 employees who have been with us over 35 years, 17 over 30 years, 46 over 25 years, 127 over 20 years, 235 over 15 years, 312 over ten years, and 525 over five years. This situation, no doubt, is rather surprising to those who believe that, for some reason or other, personnel of state offices must be entirely changed with changes in the political complexion of State Government.

Regardless of how economically and conservatively these employees have managed their finances, their salaries have not been such as to allow them to lay aside competence for old age and non-productive years. The quality and services of your State Govern-

ment can only reach the level of the qualifications of its employees, and it is difficult to retain capable personnel in competition with the Federal Government, with business and industry, which do afford retirement pay and security.

Certainly, I realize that providing retirement pay for state employees will call for a rather sizeable initial appropriation. However, by eliminating references to accident and health or disability pay, by limiting participation only on the basis of years of contribution to the fund by an employee, and by setting up such a plan that it will be feasible for the future and not give undue consideration to individual cases as of today, a start can be made and in future years can be improved upon and perfected.

Department of Commerce and Industry

You have seen in the press and have doubtless been contacted with reference to a suggested reorganization of the Department of Commerce and Industry, which provides for appointive members and eliminates the present board of elective officials. With this proposed change, I am in accord, providing the State Engineer and the State Highway Superintendent Engineer are made members of the board. The reasons that these two department heads should be members are evident. It might also be advantageous to the Department to have the Game and Fish Commissioner as a member.

The reorganization of this department and the providing for the State Engineer to be a member presents the second opportunity to this Legislature to abolish an existing department of State Government, namely: the State Planning and Water Conservation Board. I have watched the activities of this board for several years and see nothing it has accomplished or know of nothing it can do that has not previously been thought out and developed by the State Engineer. The new Department of Commerce and Industry can assume all of the duties for which the State Planning and Water Conservation Board was created and exercise these functions and duties in a broader and more energetic program.

Reclamation

It is with a great deal of pleasure that I report to you that more progress has been made in reclamation in the immediate past two-year period than in any like period in the history of the State. Congress has authorized the building of twenty-four huge multiple-purpose projects in the Missouri River Basin in Wyoming, and two of these projects, the Kortess and the Boysen, are under construction. Present reclamation plans provided for the expenditure of ten million dollars in Wyoming in 1946 and thirty million dollars in the first three post-war years. Two other projects are planned to be started in 1947, the Anchor Dam on Owl Creek near Thermopolis and the Glendo Dam in Platte County.

Realizing that the Colorado River Basin in Wyoming would not be developed until a compact for the division of these waters among the four Upper Basin States had been accomplished, I was eventually successful in getting the Governors of the respective Upper Colorado River States together with their State Engineers to meet here in Cheyenne on July 18 last and agree to start negotiations looking towards the writing of a compact. Several subsequent meetings have been held in the various states.

Every effort was made to have this compact ready to submit to this session, and I regret exceedingly that the other interested states have not manifest the same enthusiasm to complete this compact at the earliest possible date.

I should like especially to compliment our State Engineer, Mr. Bishop, and our Attorney General, Mr. O'Marr, for the splendid work they have done on this compact. These gentlemen have also been extremely helpful to me in my work as a member of the Missouri River Inter-Agency Committee, meeting once each month to expedite and approve detail plans for construction of projects throughout the entire Missouri River Basin.

Game and Fish

The greatest pleasure and pastime in which Wyoming people have the opportunity to participate is hunting and fishing. In 1946, 113,000 hunting and fishing licenses were sold in Wyoming by the Game and Fish Commission. As a result, so many of our game animals have been killed and so many fish have been taken that unless restrictions and limitations of some kind are placed on the sale of licenses, our wild life resources will be so reduced in the immediate future that Wyoming citizens will be deprived of their greatest pleasure. We cannot have our cake and eat it, too. Neither can our wild life be destroyed and we still have the privilege of enjoying hunting and fishing.

This great, wonderful natural resource, wild life, to my way of thinking, belongs to all generations of our citizens of Wyoming. It was not the property of our grandfathers or our fathers, nor is it the property of this generation or that of our children. It belongs to all the people who may, through all generations, live in wonderful Wyoming, and we definitely have a moral obligation to pass on to our children an equal number of wild life that inhabit our plains and our mountains during our lifetime. Plain, common sense dictates that we should issue only the number of licenses that will effect the desired reduction each year and that they should be issued at a price sufficient to staff and properly maintain the department.

State Institutions

I am pleased to report that our state institutions, which suffered during the war period because of lack of proper personnel and difficulty in procurement of supplies, are rapidly returning to normal condition, although the problem of trained personnel still is trying. I wish particularly to direct your attention to and have your advice and counsel with reference to the Wyoming General Hospital at Rock Springs.

For the 1945-47 biennium, the cost of administering this institution will approximate \$700,000.00, and still we are not able to afford the patients of this hospital the best, or near the best, in hospital services. Salaries at the institution have been increased 103 per cent, and no expense has been spared in the purchase of supplies and equipment, and we have had the cooperation and advice of a local advisory committee which has been exceedingly helpful. However, after twelve years of rather close observation of this hospital, I am forced to the conclusion that efficient and adequate hospital services cannot be afforded the patrons of this hospital in the present physical facilities. This hospital was built in 1894 and is so inconveniently ar-

ranged that it is very difficult to secure trained personnel to staff it. Also, the plumbing in the building as well as the electrical wiring are so old that the cost of maintenance is exorbitant. Utility costs at the hospital are ridiculously high. The average monthly water bill is \$230.00, and the average monthly electricity bill is \$343.00, or an average of \$6,881.00 per year for these two services.

In every sense of the word, this is a local hospital serving a localized area, and I am forced to the conclusion that so long as this hospital is administered by a board three hundred miles distant and supported solely by state appropriations, it will never be a hospital such as the people of the Rock Springs area should have. Sweetwater County has the highest valuation of any county in the State, and with only one objective in mind, namely: to give the people of this area better hospital services, I strongly recommend local participation in financing and local control and administration of this institution.

The greatest need with reference to our state institutions at the present time is for new buildings to relieve overcrowded conditions. If the surplus in the General Fund is used solely for the purpose of capital outlay, every request made by our state institutions and the University can be granted.

Development of Wool Industry

There has been a decline in agriculture and its kindred industry, livestock, in Wyoming in the last several years. Our agricultural population has decreased 24 per cent in the last ten years, and in recent years we have seen a marked decrease in the wool industry. The State Board of Equalization advises me that the number of sheep in Wyoming has decreased 26.17 per cent since 1943.

The production of wool and the sheep business generally have been one of the most important features of our economy. However, since the sheep industry was first established in Wyoming at an early date, we have each and every year shipped our wool to eastern points for processing. In a normal year, in freight bills alone, the shipping of this wool has cost Wyoming producers an average of \$618,000.00. The economy of the entire nation is changing. More than ever before, there is a concerted action on the part of the West and the South to move industry into these respective areas, and there is great need, from a military viewpoint, for decentralizing of industry in the East. There may be good and sufficient reasons why our wool has always gone East for processing, and the continuation of this procedure may be economically sound and feasible today. However, it could also be simply a procedure following a precedent, a habit, or a custom long established, and we of Wyoming have not had the initiative nor the capacity to correct this procedure, which is definitely to the disadvantages of the economy of Wyoming and the prosperity of the individual wool producer.

I therefore propose that you name a commission of five men, two to be selected from the industry, one from the University, one an outstanding businessman of the State, together with one member of this body, and that you appropriate not less than \$25,000.00 that a study may be made of this declining industry, and also, of the feasibility and practicability of processing Wyoming wool in Wyoming. Should, as a result of this study, a new industry, the processing of wool in Wyoming, be initiated, your investment of \$25,000 would

be perhaps the best investment the State of Wyoming ever made; and even if the report of the commission should be in the negative and it is not a feasible industry for the State of Wyoming, then I feel the money would be well expended that we might learn and know the reasons why.

Lastly, because I deem it the most important part of this message, I now direct your attention to the financial condition of your State Government and a discussion of the General Fund, the budget, revenue, and taxes.

The General Fund

There is in the General Fund approximately $6\frac{1}{4}$ million dollars. Theoretically \$1,412,063.80 of this amount is obligated by previous appropriations of this body. However, for the practical purposes, the $6\frac{1}{4}$ million dollars may be considered surplus, providing the expenditures of State Government do not exceed the income for the remaining months of this biennium.

In any business, whether it be government or private, having a turnover of 15 to 17 million dollars a year, as is the case with your State Government, I am sure you will agree with me that a balance or a reserve of not less than one million dollars should be maintained and always available for emergencies and unexpected decrease in anticipated income. The balance, then, of $5\frac{1}{4}$ million dollars is available for appropriation, but the appropriation of this sum should definitely be restricted to capital outlay to finance the accumulated demands for new buildings at our State University and at our institutions. It would be most unwise to use any part of this $5\frac{1}{4}$ million dollars to meet current administrative costs in the ensuing biennium. Administrative costs for the next biennium must be paid out of current income, or your state would soon be insolvent.

There are many reasons why we should not at this time undertake a building program. Among them are the scarcity of and exorbitant prices of building materials, the scarcity of labor, and the fact that contractors, under such conditions, are reluctant to bid on public buildings, or if bidding at all, since they cannot get guarantees of price or delivery from suppliers of building materials, they must of necessity submit such bids that make buildings at this time entirely too costly. In this city, and throughout the State, buildings have now been under construction as long as three years and still are not completed. The Warren Memorial Hospital has twice asked for bids on a \$600,000.00 addition but has received none. Estimated costs of an addition to the heating unit at the University were \$150,000.00, which you appropriated in the last special session and which amount had been requested based on what were considered reliable estimates, yet when bids were requested the low bid was \$324,000.00. Architectural studies were made and plans and specifications drawn for a dormitory at the State Training School at Lander, and estimates of cost were set by the architect at \$96,000.00. However, within a period of a year, the architect advised us it was necessary that he revise his estimates, and he set the new cost at \$150,000.00. The cost would now be even greater.

Regardless of the fact that some of our buildings are badly needed, I should like to see the construction of new buildings delayed until such time as building costs and building supplies are somewhat near normal. I have therefore had a bill prepared appropriating $5\frac{1}{4}$ million dollars for building purposes, said funds to be available from

and after passage of the bill and, until expended for the purpose of erecting buildings, under the direction of the Legislature; this for the sole purpose of preventing the expenditure of these accumulated funds for current administrative costs or any other purpose.

Requests for capital outlay total \$3,980,906.00, not including the proposed Home for the Aged and an Historical Museum on the park across from the Supreme Court Building which is strongly urged by many citizens throughout the State and which will provide already needed additional office space.

When new buildings are authorized and appropriations made, I recommend the following priority: (1) Wyoming State Training School; (2) Wyoming State Hospital; (3) University; (4) Armories—Wyoming National Guard; (5) Wyoming General Hospital (if retained as a state institution); (6) Wyoming Girls' School; (7) Home for the Aged; (8) Wyoming Historical Museum.

The Budget

Budgetary requests submitted by all departments total \$15,354,625.09. One million dollars (\$996,294.29) will be needed to reimburse counties for taxes lost by virtue of the Homestead Exemption Act, and schools are requesting an appropriation of two million dollars for equalization purposes, bringing total requests to \$18,350,919.38, which total is a 41 per cent increase over all appropriations for the present biennium.

Revenue

The immediate past five years have been inflationary years, and state revenues have been abnormally large. Revenues of the previous five years, 1937 through 1941, were normal, and in estimating the anticipated revenue for this two-year period I have taken the average income of the various departments for the last ten years; five years of normal income and five years of inflationary income. It would be foolish indeed to anticipate income for the ensuing two post-war years to equal the highly-inflated revenues of this biennium. No one who applies simple logic can believe otherwise.

In estimating revenue, the Chief Budget Officer must be conservative. To over-estimate would produce a chaotic condition in State Government that would necessitate a special session of the Legislature and the imposing of new and additional methods of taxation on our people. The solvency of State Government is your responsibility, since no moneys may be expended unless they are first appropriated by this body.

Our estimate of anticipated income to the General Fund for the ensuing two years is \$10,211,216.44. It will therefor be necessary that budgetary requests be reduced by approximately \$4,158,796.94, or 29 per cent.

For the present biennium, your State Government has turned to political subdivisions in excess of seven million dollars, and I wish to reiterate a statement made in the closing paragraph of my 1945 Message, namely: that political subdivisions must look to their own tax structures that they may become more self-reliant and lean less upon State Government for assistance, and that if legislation at this session is necessary to provide for a greater income to school districts, cities and counties, I urge you to take the appropriate action. For each succeeding session of the Legislature, demands from politi-

cal subdivisions on State Government for financial assistance are becoming greater and greater.

There is abundant evidence, and indications are that the period of inflation is now turning. Rising prices have taken a billion dollar bite out of individual savings in the United States during the third quarter of 1946. At the same time, mortgage indebtedness of private citizens has increased another billion, and other consumer debt has jumped in excess of a half billion. Savings in liquid form dropped over 1½ billion from July through November. In Wyoming, for the first time in six years, bank deposits in December, while still showing an increase in the rural areas, show a decrease in some larger banks. For the first time in six years more bank accounts were closed out during the months of November and December than were opened.

Now is a most critical period, and only careful, conservative, and proper management of your state finances will prevent future financial difficulties. Now is the time to look into the future and prepare for the trip down the other side of this inflationary peak, and may our State Treasury be so fortified that we will obviate financial pitfalls that have at times in history been most embarrassing to State Government. The only way to keep a budget balanced is never to let it get out of balance.

Taxes

Because of the surplus in the General Fund, there has been considerable discussion with reference to tax reduction. Frankly, in view of the requests and needs of the various departments of State Government, I see absolutely no possibility of tax reduction at this time. However, should anticipated revenue be as much as 20 to 30 per cent above my estimate, it might be possible at some time in the next biennium to grant a decrease. I wish to reiterate a recommendation made in my message two years ago, namely: that the State Board of Equalization be given the same statutory authority to decrease or increase the sales tax as condition warrants within the present maximum statutory limitation. Per capita tax in Wyoming is the lowest of all Western states—23 per cent below the National average.

In Conclusion

I make some of the suggestions set out in this message, knowing full well that there is a wide difference of opinion on these subjects in our state today. I would be neglectful of the sacred trust imposed upon me as Governor if I avoided an issue merely because it was a controversial one. We must remember that many of the great measures that make our democracy what it is today had their beginning in sharp differences of opinion in legislative halls. It is a monument to our system of government that we can speak freely our views on any subject; it is one of our most sacred rights, one that we fought for and won, that I pray God may always be ours.

In all of your work, you have my best wishes; you have, also, the offered assistance of my office in any way I can be helpful. We are both working for Wyoming and her people. Ours is a great and God-blessed state with many opportunities yet undeveloped and untouched. It is for you and me, as best we can, to light the torch of inspiration and to lead our people to higher planes of social, political, and economic life. If we plan well and execute intelligently, we can

reach a higher standard; one which our resources from every point of view justify and demand. May your labors be pleasant and the fruits thereof a blessing to wonderful Wyoming in the years to follow.

Senator Burke moved that a vote of thanks be extended to His Excellency, The Governor, for his message. The motion was seconded by Representative Mayland, and the motion prevailed.

Senator Phifer moved that a vote of thanks be extended to the House of Representatives for their courtesy in receiving the members of the Senate in Joint Session. Senator Anselmi seconded the motion and the motion prevailed.

Senator Bartling moved that the Joint Session be dissolved. The motion prevailed, and President Zoble declared that the Joint Session was dissolved at 3:40 p. m.

The House re-convened at 3:45 p. m. at the call of the Speaker.

Adjournment

Mr. Mayland moved adjournment until 10:00 a. m. tomorrow. The motion prevailed and it was so ordered at 3:50 p. m.

Chief Clerk.

THIRD DAY—MORNING SESSION

Hall of the House of Representatives
Cheyenne, Wyoming, January 16, 1947

The House convened at 10:00 o'clock a. m., pursuant to yesterday's adjournment, Mr. Speaker in the Chair.

The roll was called and resulted as follows:

Present: Messrs. Anderson, Armstrong, Barlow, Boyer, Byerly, Carpenter, Chamberlain, Champion, Corson, Cranney, Crowell, Daniels, Dayton, Fenex, Foote, Gapen, Groesbeck, Hamblin, Hammond, Hanner, Harrison (Laramie County), Harrison (Sheridan County), Hoffman, Hubbard, Johnson, Jones, Keith, Kinnaman, Lees, Marquiss, Mayland, McMaster, Mockler, Morrison, Murphy, Orme, Petre, Shaw, Small, Snodgrass, Spargur, Storm, Sullivan, Taylor, Wilson (Teton County), Wilson (Laramie County), Witherspoon, Mr. Speaker.

Excused: Messrs. Bon, Boschetto, Fleischli, Hardy, Littlefield, Jeffrey, Mitchell, Walker.

Present—48. Excused—8.

Prayer was offered by the Chaplain, Rev. H. E. Shepherd.

The Journal of the Second Day was read, and approved as read.

Introduction, Reading, and Reference of Bills

The following entitled House Bills were introduced read the first time, ordered printed and referred to the Committees indicated:

H. B. No. 2 Introduced by Uinta County Delegation.

A BILL for AN ACT declaring an emergency and making an appropriation for the restoration, preservation, and repair of Old Fort Bridger.

Referred to Committee No. 1—Ways and Means.

H. B. No. 3 Introduced by James O. Wilson, Laramie County.

A BILL for AN ACT relating to insurance, and to amend and re-enact Sections 52-503 and 52-505 and provisions Seventh and Eighth of Section 52-510, Chapter 52, Wyoming Compiled Statutes, 1945, concerning valuation, loan, and non-forfeiture benefits of life insurance; and to repeal Section 52-504, Chapter 52, Wyoming Compiled Statutes, 1945.

Referred to Committee No. 3—Judiciary.

Signing of Enrolled Acts

Mr. Speaker announced to the members of the House that he was about to sign the following Senate Enrolled Act.

Senate Enrolled Act No. 1, same being S. F. No. 1

Introduced by Committee No. 1.

A BILL for AN ACT amending and re-enacting Section 16-401, Wyoming Compiled Statutes, 1945 (being the same section as Section 112-102, Wyoming Revised Statutes, 1931, as amended by Chapter 43, Session Laws of Wyoming, 1941) relating to amendment, alteration or repeal of laws.

Mr. Speaker did then, in the presence of the members of the House, affix his official signature to said Senate Enrolled Act.

Mr. Speaker announced to the members of the House that he was about to sign the following House Enrolled Act.

House Enrolled Act No. 1, same being

H. B. No. 1 Introduced by Harry L. Littlefield.

A BILL for AN ACT making an emergency appropriation for per diem and mileage of members and officers, necessary employees' salaries, postage, stationery, printing, incidental expenses and providing for the printing of the Governor's message, and to appropriate funds for the compensation of the members, officers, and necessary employees of the Twenty-ninth Legislature of the State of Wyoming; to pay such additional compensation and expense as may be necessary to complete the records of the Twenty-ninth Legislature of the State of Wyoming; to pay for the necessary legislative printing of the Twenty-ninth Legislature; to pay for the preparing of certified copies of the Session Laws; for printing of the Journals of the House and the Senate of the Twenty-ninth Legislature; to pay for the employment of a messenger to the Clerk of the Legislature, the Secretary of State and the Board of State Supplies of the State of Wyoming; to pay for the necessary legislative furniture and repairs for the House and Senate of the Twenty-ninth Legislature; to pay for the official pictures of the members of the House and Senate of the Twenty-ninth Legislature; to pay for a Legislative Directory of the election returns in pamphlet form; and declaring an emergency to exist.

Mr. Speaker did then, in the presence of the members of the House, affix his official signature to said House Enrolled Act.

House at Ease

Mr. Speaker announced the House at ease, subject to call of the Chair.

The House was called to order at 11:45 a. m. by Mr. Speaker.

Reports of Standing Committees

The following report from a Standing Committee was received and read:

The Legislature of the State of Wyoming

House of Representatives

Cheyenne, January 16, 1947

Mr. Speaker:

Your Committee on Enrollment begs leave to report the following entitled House Bills correctly enrolled:

(Signed) GEO. D. JOHNSON,
Chairman.

Adjournment

Mr. Mayland moved that the House adjourn until 10:00 o'clock a. m. Friday morning. The motion prevailed and it was so ordered.

(Signed) ARTHUR KLINE,
Chief Clerk.

FOURTH DAY—MORNING SESSION

Hall of the House of Representatives,
Cheyenne, Wyoming, January 17, 1947

State of Wyoming House of Representatives Twenty-ninth State Legislature

A RESOLUTION OF RESPECT AND CONDOLENCE

To the Honorable Body, the Legislature of Wyoming here assembled:

WHEREAS, God in His infinite wisdom has seen fit to remove from this earth the Honorable Robert T. Caldwell, who served from Laramie County in this honorable House of Representatives during the Twenty-seventh, Twenty-eighth and the Special Session of the Twenty-eighth Legislature,

BE IT RESOLVED That the Legislature of Wyoming has lost, in the passing of Representative Honorable Robert T. Caldwell, a man of character and a man who was of great value to this body. His advice was universally sought on all questions, and as a leader in

this body, he was in the forefront and above all, he was a good citizen and a fine friend.

BE IT FURTHER RESOLVED We, the members of this body, take this means of expressing to his wife and children our sincere sympathy and condolence in the death of their husband and father.

BE IT FURTHER RESOLVED That a copy of these Resolutions be spread on the Journal of the House of Representatives, and a copy be sent to the family of the deceased, and also copies be sent to local papers.

(Signed) BRUCE JONES, Chairman

Joint Committee Report

The following report from a Joint Committee was received and read:

Report of Joint Auditing Committee

January 24, 1947

To the Honorable Senate and
House of Representatives:
Gentlemen:

In compliance with the provisions of Section 17-602, Wyoming Compiled Statutes, 1945, we, your committee appointed for the purpose, submit herewith a report showing the condition of the State Treasurer's Office at the close of business December 31, 1946.

The total amount of cash and securities held in general accounts at the close of business December 31, 1946, was \$47,695,217.75, and the total of the cash as trust funds held by the State Treasurer at the close of business December 31, 1946, was \$36,744.68, making a total of \$47,731,962.43. This is represented by U. S. Certificates of Indebtedness and U. S. Bonds in the amount of \$15,770,000.00; Bonds and Investments \$26,697,067.96; Cash in Banks \$5,228,149.79.

The bonded debt of the State of Wyoming as of December 31, 1946, was \$1,770,000.00.

Cash, bonds and securities are protected by a burglary and robbery insurance policy, issued by a surety company authorized to do business in the State of Wyoming, in the amount of \$4,000,000.00, with an additional \$300,000.00 for loss, destruction or misplacement of securities. A messenger insurance policy is also in force, and it carries protection up to \$30,000.00. Further protection is also provided in that the night watchman is required to telephone the office of Chief of Police every hour during the night, and if he should fail to do so, an investigation would be started immediately to ascertain the cause.

Collateral security is pledged by each depository bank in an amount sufficient to protect State Funds.

At the close of the examination of the State Treasurer's Office all balances shown by the Treasurer's books were verified by balances as shown by the books of the State Auditor. The balances in all accounts as shown by the books of the Treasurer and Auditor are balanced and reconciled each month. We found the records of both offices well kept and in good order.

Respectfully submitted,
(Signed) ROY CHAMBERLAIN,
ROSCOE C. AUSTIN,
ALLEN HUNTER,
Senate Members
MERVIN CHAMPION,
PAUL W. GROESBECK,
JOHN F. SULLIVAN,
House Members

Strike Section 5, as it now reads and change it to read: "Nothing within the meaning of this Act shall be construed as pertaining to or affecting gasoline sold for use of airplanes at any municipal or county air field in the State of Wyoming".

Add Section 6. This Act shall take effect and be in force from and after March 1, 1947.

(Signed) BRUCE S. JONES,
Laramie County.

The motion was lost, and Mr. Chamberlain offered the following amendment:

February 5, 1947

Mr. Speaker:

I move that House Bill No. 79 be amended as follows:

Page 2, Line 23, and Line 24, strike out the words "retained by the State Treasurer in a special account" and insert in lieu thereof the words "deposited in the State Highway Fund".

(Signed) E. L. CHAMBERLAIN,
Goshen County.

The amendment was adopted and, so amended, House Bill No. 79 was read a third time, placed on final passage and passed the House by the vote indicated:

Communications From the Governor

The following communications from His Excellency, the Governor, were received and read:

Wyoming Executive Department

Lester C. Hunt
Governor

Cheyenne, Wyoming
February 11, 1947

Honorable Speaker and Members of the
House of Representatives of the
Twenty-Ninth State Legislature.
Gentlemen:

I am pleased to inform your honorable body that at 11 a. m. this date I affixed my signature and gave my approval to Enrolled Act No. 24, House of Representatives, being original House Bill No. 4:

"AN ACT declaring an emergency and making an appropriation to the Wyoming Livestock and Sanitary Board for capital out-

lay and administrative expense and providing for the establishment, construction, equipment, installation, operation and maintenance of a laboratory to be known as the Wyoming State Veterinary Laboratory."

Respectfully,

(Signed) LESTER C. HUNT,
Governor.

Cheyenne, Wyoming
February 11, 1947

My dear Mr. Oxley:

I return herewith Enrolled Act No. 20, being Original House Bill No. 65, on which I am withholding my approval.

A careful study of Paragraph (h), Section 34-902 of this bill, leads me to believe that if this Act should become a law, it would be necessary that those companies offering commercial feed stuffs for sale in this State disclose their formulas, which are secret and are regarded as a valuable property right by each individual manufacturer.

As a result of the passage of this Act, it is well within the realm of possibility that the manufacturers of commercial feed stuffs might withdraw their various products from sale within this State, which would have far-reaching effect upon the livestock industry.

Might I respectfully suggest that if the House deems this bill of sufficient importance, it might be re-introduced under unanimous consent agreement with Paragraph (h) deleted.

Respectfully yours,

(Signed) LESTER C. HUNT,
Governor.

Message No. 44

Senate Chamber
Cheyenne, Wyoming
February 12, 1947

To the Honorable Speaker of the
House of Representatives.

Sir:

I have the honor to inform your Honorable Body that the following entitled House Bill was this day placed on third reading and final passage, and passed as amended, by the vote indicated:

House Bill No. 29

Introduced by County Affairs, County
Boundaries and Apportionment.

A BILL for AN ACT to amend and re-enact Section 20-805, Wyoming Compiled Statutes, 1945, relating to the duties of the State Examiner in preparing budget forms for municipalities; to amend and re-enact Subsection (a) of Section 20-809, Wyoming Compiled Statutes, 1945, relating to the inclusion of a cash reserve fund in municipal budgets; to amend and re-enact Subsections (a), (b) and (c) of Section 20-811, Wyoming Compiled Statutes, 1945, relating to bookkeeping procedures for a cash reserve fund in municipal budgets, providing for unanticipated requirements to be paid from the cash reserve fund or surplus from other departments, prohibiting appropriations in excess of anticipated cash revenues and unexpended cash balances and providing for the maintenance of depreciation reserve funds in municipal budgets; to amend and re-enact Subsection (a) of Section 20-815, Wyoming Compiled Statutes, 1945, prohibiting officers and departments in any municipality spending or incurring liability in excess of the amounts provided in the municipal budget, but not prohibiting the spending of unanticipated income by such officers and departments for any lawful purpose; and repealing Section 20-816 (c), Wyoming Compiled Statutes, 1945, relating to Associations engaged in sponsoring Legislation; and amending Section 20-815, (b) relating to the extension of contracts beyond fiscal year.

Amended as follows:

Section 20-815, Line 5, change the figure "18" to "36"—House Amendment.

Ayes—22. Noes—0. Absent—0. Excused—5.

The Senate respectfully asks that the House concur in the above amendment.

The same is transmitted herewith.

Very respectfully,

(Signed) BESSIE E. DAILEY,
Chief Clerk.

"Section 8. Any person, association or corporation who, after the enactment of this law, intends to acquire the right to beneficial uses of any underground water in the State of Wyoming except

those specifically exempted by the provisions of Section 4 shall within thirty days after construction is completed file with the State Engineer a registration of said well or other means of obtaining underground water, which shall contain the name or names, together with the post office address of claimant or claimants, the nature of the use for which the claim for application is based, the location of the well or other means of obtaining underground water, depth to the water table, size of well or other means of obtaining underground water, kind of casing used, estimated capacity in gallons per minute, the amount of water claimed, and, if said water is to be used for irrigation, the acreage and location by legal subdivision of land to be supplemented or reclaimed, and where available, a log of the formations encountered in the drilling or digging of the well.

Section 9. The State Engineer is hereby authorized and directed to proceed from the determination of the capacity of the various underground pits or formations in the State to yield such water. After the boundaries and capacity of any such underground pit or formation or other geological structure containing underground waters have been fixed by such determination, the State Engineer shall proceed with the allocation of said waters within the area supplied from this particular underground pit, formation or other geological structure and shall cause certificates to be issued to those entitled thereto, as their interests may appear from registration and proof of beneficial application of water derived therefrom. The priority of appropriation shall be the determining factor in allotting all underground water and the issuing of certificates of appropriation for use of underground water; the person, association or corporation first making such appropriation being first entitled to the use of said underground waters.

Section 10. The priority of appropriation of underground water obtained prior to the passing of this Act, shall date from the time of completion of the well, pit, gallery, tunnel, or other means of securing underground water. The priority of appropriation of underground water obtained subsequent to the passing of this Act shall date from the filing of registration in the State Engineer's office."

H. B. No. 129

Introduced by Education Committee.

A BILL for AN ACT relating to the establishment and maintenance of a general, uniform and thorough system of public schools; defining terms; providing for a State Committee and County Committee for reorganization of school districts and prescribing the duties of such committee; prescribing duties of county and state officers; providing for boards of school directors in reorganized school districts; providing for conditions and prerequisites in establishment of school districts upon reorganization; providing for appeals; providing for a vote of the electors on proposed reorganized districts; providing for trustees of new districts and making an appropriation.

The amendments offered by the Standing Committee be adopted, and as so amended be further amended as follows:

Page 13, Line 16, following the "period" add the following: "Such appeal shall be made by filing a written notice of appeal with the County Superintendent and with the Clerk of the District Court in the County in which such proposed new District is situated within ten (10) days after the order of the County Superintendent or after the commission of a wrongful adjustment of property, debts or liabilities. Such notice shall set forth the objections of the appellant and within ten (10) days of the filing of such notice of appeal with the Clerk of the District Court, the appellant shall file in the District Court a transcript consisting of the order by the County Superintendent or County Committee the wrongful adjustment and his objections thereto, together with a record of all hearings on the reorganization of school districts and of all findings and terms of adjustment of property, debts and liabilities among the districts involved and a certified copy of the notices of such hearings together with a certified copy of the notice of special election. Said record, findings and notices shall be furnished by the County Superintendent or County Committee, who may be joined as appellees. Fees shall be the same as the fees payable to the Clerk of the District Court for the preparation and certification of transcripts on appeal to the Supreme Court in civil actions. Said proceedings shall stand to be heard, and for trial de novo, by said District Court.

"Upon the filing of said notice of appeal with the Clerk of the District Court, said Clerk shall immediately issue a written notice

to the appellees that said appeal has been effected. Such notice may be served personally upon the appellees or their attorneys by any appellant or his attorney or by registered mail by the Clerk of the District Court. Proof of service may be made by the affidavit of the person making the service or by the return registry receipt for service made by registered mail.

"At the expiration of ten (10) days from the date of such service, the case is to be deemed ready for hearing and it shall be heard promptly, the same in all respects as civil cases are tried in said District Court. An appeal from the judgment, finding and decree of said Court shall lie to the Supreme Court the same in all respects as prescribed by law for appeal and proceedings in error from the District Courts to the Supreme Court of Wyoming."

And as so amended

Do Pass.

(Signed) E. P. MURPHY,
Chairman.

Mr. Murphy moved the adoption of the report of the Committee of the Whole. The motion prevailed.

Strike the committee amendments and all of the printed bill commencing with line 1, page 2, down to and including line 7, page 30, and insert in lieu thereof the following:

Section 1. That Section 72-104, Wyoming Compiled Statutes, 1945, be amended and re-enacted to read as follows:

Section 72-104. The extra-hazardous occupations to which this chapter (article) is applicable is as follows: Factories; garages; mills; printing plant and workshops where machinery is used; foundries; blast furnaces; mines; * * * oil, gas, water or other types of wells, shafts or holes; oil refineries; butane, propane gasoline and other commercial gas or oil * * * filling stations and bulk stations; gas works; natural gas plants; water works; reduction works; breweries; distillers; elevators; dredges; excavations; transfer companies; teaming and truck driving; except in connection with ranching, agriculture and livestock; motor delivery, including drivers and helpers, in connection with any occupation except agriculture or ranching; warehousing and transfer; wholesale grocery and vegetable warehouses; fruit warehouses and packing houses; ditch rider, watermaster and superintendent, of irrigation districts; smelters; powder works; laundries operated by power; kitchen employees and waiters, whose employment requires them to go to and from kitchen of hotels or restaurants, bakeries; quarries, engineering works; logging lumber yards; lumbering and sawmill operations; dude ranching; power farming; building service; street and interurban railroads not engaged in interstate commerce; buildings being constructed, repaired, moved or demolished; painting operations; telephone; telegraph; electric light or power plants or lines; steam heating or power plants; railroads not engaged in interstate commerce; licensed operators or their apprentices, of any government licensed commercial broadcasting station; butcher shops, meat markets; bowling alleys; drivers of bus lines or stage lines which bus or stage lines are wholly intra-state in their operations; bridge building; the occupations of city or town firemen and city or town policemen; the occupation of captain and members of the State Highway Patrol while engaged in the performance of their duties, the assessment therefor to be paid out of the State Highway fund; superintendents, supervisors and attendants employed at the Wyoming State Training School at Lander, Wyoming, Wyoming Girls' School at Sheridan, Wyoming, and the Wyoming State Hospital at Evanston, Wyoming (assessments payable out of the respective funds of said institu-

tions); casual employees engaged in fighting forest or grass fires, when employed by a county, city or town; and all employments wherein a process requiring the use of any dangerous explosives or inflammable materials is carried on, which is conducted for the purpose of business, trade or gain. Each of the above named employments is hereby determined to be extra-hazardous and in which, from the nature, conditions or means of prosecution of the work therein required, risks to the life and limb of the workman engaged therein are inherent, necessary or substantially unavoidable. This chapter (article) shall not apply in any case where the injury occurred before this chapter (article) takes effect, and to all rights which have accrued by reason of any such injury prior to the taking effect of this chapter (article), shall be saved the remedies now existing therefor.

Section 2. That Section 72-105, Wyoming Compiled Statutes, 1945, shall be amended and re-enacted to read as follows:

Section 72-105. This Act shall not be construed to apply to business or employments, which according to law are so engaged in interstate commerce, as to be not subject to the legislative power of the State not to persons injured while they are so engaged, nor to any employee engaged in domestic service, ranch, farm, agricultural, or horticultural labor, or stock raising, except as provided in Section 72-106, Subsection (g-2) "power farming", or any person holding an appointment as Sheriff, or deputy sheriff, or constable or deputy constable.

Section 3. That Subsection (i) of Section 72-106, Wyoming Compiled Statutes, 1945, be amended and re-enacted to read as follows:

Section 72-106 (i). "Workman" means any person who has entered into the employment of or works under contract of service or apprenticeship with an employer, except a person whose employment is purely casual and not for the purpose of the employer's trade or business, or those engaged in clerical work, and not subject to the hazards of the business, or one holding an official position. The term "workman" shall include "employee" and the term "employee" shall include "workman" and each shall include the singular and plural of both sexes. Any reference to a workman who has been injured shall, where the workman is dead, include a reference to his "dependent family" as hereinafter defined, or to his legal representatives, or where the workman is a minor or incompetent to his guardian or next friend; and no minor workman shall be denied the benefits of this Act for the sole reason that his employment is in violation of the labor laws governing the employment of minors.

Section 4. That Subsections (a), (b), (c) and (1) of Section 72-121, Wyoming Compiled Statutes, 1945, be amended and re-enacted to read as follows:

Section 72-121 (a). Permanent partial disability means the loss of either one foot, one leg, one hand, one arm, one eye, or the sight of one eye, one or more fingers, one or more toes, and dislocation where the ligaments are severed, or any other injury known to surgery to be permanent partial disability. For any permanent partial disability hereinafter specifically described, resulting from an injury, the workman shall receive an award as follows:

For the loss of a thumb -----	* * *	\$ 405.00
For the loss of a first finger -----	* * *	376.00
For the loss of a second finger -----	* * *	290.00
For the loss of a third finger -----	* * *	290.00
For the loss of a fourth finger -----	* * *	290.00
For the loss of a palm (metacarpel bone) -----	* * *	2,080.00
For the loss of a hand -----	* * *	2,495.00
For the loss of an arm at or below elbow -----	* * *	3,050.00
For the loss of an arm above elbow -----	* * *	3,465.00

(a1) For anky-losis (total stiffness of) or contractures (due to scars or injuries) which make the finger or fingers or thumb useless, the same amounts to apply to such finger or fingers or thumb as given above.

(a2) The loss of a third or distal phalange of the thumb shall be considered to be equal to the loss of one-half of such thumb; the loss of more than one-half of such thumb shall be considered to be equal to the loss of the whole thumb.

(a3) The loss of a third or distal phalange of any finger shall be considered to be equal to the loss of two-third of such finger.

(a4) The loss of more than the middle and distal phalanges of any finger shall be considered to be equal to the loss of the whole finger; provided, however, that in no case shall the amount received for more than one finger exceed the amount in this schedule for the loss of a hand.

For the loss of a great toe -----	* * *	\$ 260.00
For the loss of one of the toes other than the great toe -----	* * *	200.00

(a5) The loss of more than two-thirds of any toe shall be considered equal to the loss of the whole toe.

(a6) The loss of less than two-thirds of any toe shall be considered equal to the loss of one-half of the toe.

For the loss of a foot -----	* * *	\$2,080.00
For the loss of a leg below the knee -----	* * *	2,495.00
For the loss of a leg above the knee -----	* * *	3,465.00
For the loss of any eye or at least 90 per cent of the sight therefor -----	* * *	3,050.00

(a7) In any case where any employee suffers an accident under the terms of this Act, and who loses any part of the body which can be replaced by artificial means, such employee, in addition to the benefits of this Act shall be entitled to an artificial replacement thereof such to include a leg, arm, hand, foot, eye, or teeth, also when necessary an artificial aid to hearing, a spine or other similar brace, and the expenses that may be necessary to secure the same, in an amount not to exceed Two Hundred Fifty (\$250.00) Dollars for each replacement. An additional amount of not to exceed One Hundred Dollars (\$100.00) shall be allowed the injured workman for the necessary traveling and living expenses incurred by him in connection with the purchase, fitting or adjustment of said artificial replacement.

(a8) For any other injury known to surgery to be permanent partial disability, the workman shall receive a sum in the amount proportional to the extent of such permanent partial disability based as near as may be upon the foregoing schedule.

(a9) In every case of permanent partial disability the amount allowed for the injury shall be paid in monthly installments at the rate of * * * Seventy Dollars (\$70.00) per month if the workman be unmarried at the time of the injury, and at the rate of * * * Ninety Dollars (\$90.00) per month if the workman has a wife at the time of the injury; provided, however, that the court making such award shall retain jurisdiction of the same until said award shall have been fully paid, with power to modify or change the amount of the award to conform to any change in the condition of the injured workman, and shall have power at any time during said period, upon application and hearing, with notice to the employer, and a showing of exceptional necessity therefor, to order all or any part of the unpaid balance of the award to be paid to the injured workman as a lump sum.

(b) Permanent total disability means the loss of both legs or both arms, total loss of eyesight, paralysis or other conditions permanently incapacitating the workman from performing any work at any gainful occupation. Where there has been a previous permanent partial disability, as the loss of one eye, or the sight thereof, one hand, one foot, or any other previous permanent partial disability, the award for a subsequent injury shall be determined by deducting therefrom the amount of the award paid for such previous permanent partial disability. When permanent total disability results from the injury the workman shall receive the sum of Six Thousand Six Hundred Dollars (\$6,600.00) but in every such case the amount allowed for the injury shall be paid in monthly installments at the rate of * * * Seventy Dollars (\$70.00) per month if the workman be unmarried at the time of the injury, and at the rate of * * * (\$90.00) per month if the workman has a wife at the time of the injury; provided, however, that the court making such award shall retain jurisdiction of the same until award shall have been fully paid, with power to modify or change the amount of the award to conform to any change in the condition of the injured workman, and shall have power at any time during said period, upon application and hearing, with notice to the employer, and a showing of an exceptional necessity therefor, to order all or any part of the unpaid balance of the award to be paid to the injured workman as a lump sum; provided, that if the workman shall die leaving an unpaid balance of the award, then such unpaid balance shall be returned to the Industrial Accident Fund and be credited to the employer's balance. If the workman suffering such permanent total disability have a boy or boys under eighteen (18) years of age, or girl or girls under eighteen (18) years of age; the guardian of such child or children appointed as hereinafter provided, shall receive for the use and benefit of said child or children, a lump sum of * * * Two Hundred and Forty Dollars (\$240.00) per year for each boy under eighteen (18) years until the time when each of said boys shall become eighteen (18) years of age, and a lump sum of * * * Two Hundred and Forty Dollars (\$240.00) per year for each girl under eighteen (18) years of age until the time when each of said girls shall become eighteen (18) years of age; provided that the aggregate lump sum paid to said guardian shall in no case exceed Six Thousand and Fifty Dollars (\$6,050.00) and any and all awards made on account of any such child or children, shall be disbursed under a proper guardianship to be created by the court or judge making such award.

(c) Temporary total disability means an injury which, though it may result or does result in a permanent total or partial disability, temporarily incapacitates the injured person from performing any work at any gainful occupation for the time, but from which injury such person may recover by medical or surgical treatment and may be able to resume work. In such case, if the workman be unmarried at the time of the injury, he shall receive the sum of * * * Seventy Dollars (\$70.00) per month, so long as the total disability shall continue. If he have a wife at the time of the injury, he shall receive * * * Ninety Dollars (\$90.00) per month, and if he have a boy or boys under eighteen (18) years of age or girl or girls under eighteen (18) years of age, or both, he shall receive for each * * * Thirteen Dollars (\$13.00) per month, but the total monthly payments shall not exceed * * * One Hundred and Forty-Two Dollars (\$142.00) per month. No compensation, except the expense of medical attention, shall be allowed for the first seven (7) days of disability, unless the incapacity extends beyond the period of fifteen (15) days, in which case the compensation shall run from the time of the injury. As soon as recovery is so complete that the earning power of the workman at any kind of work is restored, the payments shall cease, but in no case where compensation is awarded for permanent partial disability or permanent total disability, shall there be deducted therefrom any amount awarded and paid, on account of temporary total disability. When the workman has non-resident alien children, he shall receive one-third of the sum above fixed for boys under eighteen (18) years of age and girls under eighteen (18) years of age. If a workman dies before he has received all the temporary total disability that is due him or that has accrued to his benefit, the whole or any unpaid balance thereof shall be paid to his dependent family.

(d) (1) But if the workman leaves a widow or invalid widower, to whom he or she has been regularly married by a marriage duly solemnized by a legal ceremony, such surviving spouse shall receive the sum of Forty-nine Hundred and Fifty Dollars (\$4950.00), but in every such case the said award shall be paid in monthly installments at the rate of * * * Seventy Dollars (\$70.00) per month; provided, however, that the court making such award may upon application and hearing, with notice to the employer and a showing of an exceptional necessity therefor, order all or any part of the unpaid balance of the award to be paid to the surviving spouse as a lump sum. If the surviving spouse shall re-marry before all of said award has been paid, then he or she shall only be entitled to receive the sum of Three Hundred Thirty Dollars (\$330.00) out of the unpaid balance of said award, and further payment shall cease, and any balance of the award shall revert to the dependent children, if any there be, and if there be no dependent children the unpaid balance of such award shall return to the general fund and the same shall be credited to the employer's balance; if the surviving spouse shall die before all of said award has been paid, then the unpaid balance shall revert to the dependent children, if any; if no dependent children, then such balance shall revert to the general fund and be credited to the employer's balance; provided, in any case, where the surviving spouse shall re-marry or die before all of the award has been paid, the remaining balance shall be paid to the surviving dependent children in the following manner: In ascertaining the amount to be paid to each surviving

child in the case of male children, the age of such male child shall be figured from the time of the death or re-marriage of such surviving spouse until such male child attains the age of eighteen (18) years, and in the case of female children, the time shall be figured from the time of death or re-marriage of such surviving spouse until such female child attains the age of eighteen (18) years, and the unpaid balance of such award shall be divided in each instance by the number of months between such periods of time. In case of the death of any such surviving children, the portion of such award payable to such child by the terms hereof shall be divided among the surviving children pro rata; provided further, that if all the surviving children should die before the unpaid balance of the award is entirely distributed, then the remaining undistributed portion of such award shall revert to the general fund and be credited to the employer's balance. If said workman leaves a surviving boy or boys under eighteen (18) years of age or girl or girls under eighteen (18) years of age the guardian of such child or children appointed as hereinafter provided, shall receive for the use and benefit of said child or children, a lump sum of * * * Two Hundred and Forty Dollars (\$240.00) per year for each surviving boy under eighteen (18) years of age until the time when each of said surviving boys shall become eighteen (18) years of age, and a lump sum of * * * Two Hundred and Forty Dollars (\$240.00) per year for each surviving girl under eighteen (18) years of age until the time when each of said surviving girls shall become eighteen (18) years of age; provided, that the aggregate lump sum paid to said guardian shall in no case exceed Six Thousand Fifty Dollars (\$6,050.00), excepting, the unpaid balance of an award to a surviving spouse who has re-married or died shall not be considered as a part of said aggregate lump sum. In all cases where an order of compensation is made on account of boys under eighteen (18) years of age, or girls under eighteen (18) years of age, or both, or persons incompetent, said fund shall be disbursed under a proper guardianship to be created by the court or judge making such an order.

Section 5. This Act shall take effect and be in full force from and after its passage.

And as so amended

Do Pass.

Honorable Speaker and Members of the
House of Representatives of the
Twenty-Ninth State Legislature.
Gentlemen:

I am pleased to inform your honorable body that at 9:05 a. m. this date I affixed my signature and gave my approval to Senate Enrolled Act No. 22, being original Senate File No. 44.

"AN ACT to convey and set over to Sweetwater County, Wyoming, all real estate, with the improvements thereon, and all furniture, furnishings, equipment and other personal property, connected with or used by the Wyoming General Hospital, located at Rock Springs in said county; to abolish said hospital as a state owned, controlled and supported institution, and to vest the title to the physical property thereof in said county; to authorize the payment of the income from lands granted to the State of Wyoming, under the provisions of the Act admitting said State to the Union, approved July 10, 1890, to said county so long as such hospital makes provision therein for the hospitalization of miners who become disabled or incapacitated for labor while working mines of the State; to amend Subsection 2 of Section 19-102, Wyoming Compiled Statutes, 1945, and to repeal Sections 19-501 to 19-505, inclusive, Wyoming Compiled Statutes, 1945, and all other acts and provisions of law in conflict with this Act, including Chapter 81, Session Laws of Wyoming, 1890-1891".

Respectfully,
(Signed) LESTER C. HUNT,
Governor.

Honorable Speaker and Members of the
House of Representatives of the
Twenty-Ninth State Legislature.
Gentlemen:

I am pleased to inform your honorable body that at 3:00 p. m. this date I affixed my signature and gave my approval to Enrolled

Act No. 45, House of Representatives, being original House Bill No. 181:

"AN ACT appropriating money for irrigation and drainage projects, the purchase of lands, construction or completion of buildings and armories and other capital outlay items, by certain state departments and institutions, and declaring an emergency."

Respectfully,

(Signed) LESTER C. HUNT,
Chairman.

Cheyenne, Wyoming
February 19, 1947

Gentlemen:

You have passed and there have come to my desk appropriation bills totaling \$15,057,470.43 and additional appropriations which have not yet reached my desk but which I shall approve of \$2,900,000.00, being the appropriations for schools and homestead exemption reimbursement moneys, making a grand total for appropriations of \$17,957,470.43. In my Message to the Legislature, I set out anticipated income, not too conservatively estimated, to be \$10,211,216.44. In order to have sufficient funds available to meet these appropriations, it will be necessary to increase the state mill levy from the present two to the maximum four mills, creating 1½ million dollars of additional revenue.

The situation at this time is that appropriations total \$17,957,470.43, with total income from every source of \$18,374,919.78, leaving an anticipated balance in the General Fund of \$417,449.35.

I submit that this is not an adequate balance to be maintained in the General Fund as a protection against decreased income. I am therefore addressing this letter to you and your respective bodies to place before you the precarious condition of our General Fund and to respectfully suggest that no further sizeable appropriations be made at this session.

It is difficult even to imagine the confusion and chaos that would come to pass in state government if appropriations exceeded income, and I direct your attention to Appendix, Volume 2, Article I, Section 4, Page 1142, Wyoming Compiled Statutes, 1945, which prohibits the contracting of any obligation on the part of the State when funds are not available. May I reiterate a sentence from my legislative Message, namely; that the only way to keep a budget balanced is never to let it get out of balance.

I deem it imperative in this communication to suggest to the various members of the Legislature that upon their return to their respective communities, they should advise authorities of political subdivisions, namely; schools, cities and counties, that there probably will be no surplus in the State Treasury when the Thirtieth Legislature convenes in 1949, and that the political subdivisions therefore cannot expect a continuation of the financial assistance given to them by the State in the past and for the ensuing biennium.

In excess of nine million dollars will be turned to political subdivisions in the ensuing biennium. During the next two-year period, the duly elected officials of political subdivisions should, first; insist on a change in the method of naming assessors, second; insist

on a constitutional change allowing an increase in maximum mill levies, and third; insist on properties being properly valued.

This communication is addressed to your respective bodies solely in the interest of a sound fiscal policy for state government.

Respectfully,

(Signed) LESTER C. HUNT,
Governor.

Report of Joint Conference Committee

The following report from a Joint Conference Committee was received and read:

Cheyenne, Wyoming
February 20, 1947

To the President of the Senate

To the Speaker of the House

Sirs:

We, your Conference Committee appointed to confer on Senate File No. 13, respectfully reports as follows:

Strike House Amendment Section 9, and substitute in lieu thereof new Conference Committee Section 9.

Section 9. The State Engineer is hereby authorized and directed to proceed with the determination of the capacity of the various underground pits, geological structures or formations in the State to yield such water. After the boundaries and capacities of any such underground pit or formation or other geological structure containing underground water have been fixed by such determination, the State Engineer shall give notice of such determination to the State Board of Control, which Board shall then proceed with the adjudication of said waters within the area supplied from this particular underground pit, formation or other geological structure as the interest of the appropriators may appear from registration and proof of beneficial application of water derived therefrom. Notice shall be given by the Board of Control, in one issue of some newspaper of general circulation in the county where such area is situated, and by registered mail to the various claimants named in the registration of record, that upon a certain day at a place

named in the notice, which shall be not less than thirty days after the publication and mailing of such notices, the State Engineer or a Superintendent of a Water Division will appear and take proof of such appropriations. The State Board of Control shall then hold said evidence open to inspection of the various claimants at a time and place to be fixed by the Board and notice thereof shall be published in the manner and for the time above specified.

The taking of proof, filing objections or contests, giving notices, conducting of hearings, making adjudications of water rights, determination of priorities as between appropriators, issuance of certificate of appropriation, and taking appeals shall, insofar as applicable, and not in conflict with the provisions of this Act, be governed by the provisions of Article 2 of Chapter 71, Wyoming Compiled Statutes, 1945.

At the first regular meeting of the Board of Control after completion of such proof and advertisement, the Board shall cause to be entered of record in its office an order determining and establishing the priorities of right to the use of water of said underground pit, formation or other geological structure, the amount of appropriation of the parties claiming water therefrom and the character and kind of use for which said appropriation shall have been made. As soon as practicable after such determination, the Secretary of the Board shall issue to each person, association, municipality, railway or corporation represented in such determination, a certificate to be signed by the State Engineer, as President of the Board of Control, and attested under seal of the Secretary of said Board setting forth the name and postoffice address of the appropriator, the priority date of such appropriation, the amount of water appropriated, the use to which such water has been applied and, if such appropriation is for irrigation, a description of the legal subdivision of land to which said water is applied. Said certificates shall be transmitted by registered mail to the county clerk of the county in which such appropriation has been made and it shall be the duty of the county clerk upon receipt of the fee of one dollar, to record the same and thereupon immediately transmit said certificate to the appropriator. At the time of the submission of final proof of appropriation before the State Engineer or Superintendent of a Water Division, a fee of two dollars (\$2.00) shall be collected, one dollar of which shall be used for recording the said certificate and one dollar of which shall be deposited with the State Treasurer to the credit of the fund provided for maintenance of the Board of Control. The priority of appropriation shall be the determining factor in adjudicating underground water and the issuing of certificates of appropriation for use of underground water; the person, association, railway or corporation first making such appropriation being first entitled to the use of said underground water.

LEELAND U. GRIEVE
PLATT WILSON
(Senate Conferees)

NORMAN BARLOW
CIRIL D. CRANNEY
WM. H. "BILL" HARRISON
(House Conferees)

Mr. Barlow moved that the House adopt the report of the Joint Conference Committee on Senate File No. 13. Roll call on the motion resulted as follows:

Ayes: Messrs. Anderson, Armstrong, Barlow, Bon, Boschetto, Boyer, Byerly, Carpenter, Chamberlain, Champion, Corson, Cranney, Crowell, Daniels, Dayton, Fenex, Fleischli, Foote, Gapen, Groesbeck, Hamblin, Hammond, Hanner, Hardy, Harrison (Laramie County), Harrison (Sheridan County), Hubbard, Jeffrey, Johnson, Jones, Keith, Kinnaman, Lees, Littlefield, Marquiss, Mayland, McMaster, Mitchell, Mockler, Morrison, Murphy, Orme, Petre, Shaw, Small, Snodgrass, Spargur, Storm, Sullivan, Taylor, Walker, Wilson (Teton County), Wilson (Laramie County), Witherspoon, Mr. Speaker.

Absent: Mr. Hoffman.

Ayes—55. Absent—1.

Thereupon, Mr. Speaker declared that a majority of the members elected to the House having voted in the affirmative, the House had adopted the report of the Joint Conference Committee on Senate File No. 13.

Consideration of Bills on General File

Mr. Mayland moved that the House resolve itself into a Committee of the Whole for the consideration of bills on general file. The motion prevailed.

Mr. Speaker called Mr. Armstrong to the Chair as Chairman of the Committee of the Whole.

Communication From the Governor

The following communication from His Excellency, the Governor, was received and read:

Wyoming Executive Department

Lester C. Hunt
Governor

Cheyenne, Wyoming
February 20, 1947

Dear Mr. Speaker:

I am returning herewith Enrolled Act No. 49, House of Representatives, being Original House Bill No. 115, on which I am withholding my approval.

I vetoed a similar bill two years ago, and further investigations of this matter prove to me that the bill is definitely injurious to the University.

In searching the statutes with reference to the provisions pertaining to other boards and commissions of the State, I find that in the appointment of no other board or commission is the Governor so circumscribed. In appointments to the Highway Commission

the Governor is limited to one to each district, but the districts are composed of from three to five counties.

As stated in my veto letter two years ago, the University of Wyoming serves students and population; not area or the wide open spaces. Albany County has 586 students as compared with a total of 542 students from thirteen other counties combined, namely; Campbell, Converse, Crook, Hot Springs, Johnson, Lincoln, Niobrara, Park, Sublette, Teton, Uinta, Washakie, and Weston; while the total students from two counties is greater in number than the total from seventeen other counties. In view of the great number of students from some counties and the very few from others, I do not believe the Legislature intends to imply that the smaller counties can have the interest or should have equal representation with the larger counties on the Board of Trustees of the University.

While not in the same proportion, yet to some great degree the same situation prevails throughout the State with reference to valuations, taxes, and population. The situation also seems to me quite comparable to that which prevails with reference to the selection of representation in the Legislature; apportionment of membership of the Legislature being based on population or people served by state government.

Should the University Board be either a five or a seven-member board, the discrimination against the larger counties would not be so pronounced, and it would be only fair that no county have more than one member; but such a provision in our statutes will prevent the appointment of many well-qualified members and will force the Governor to go into nine different counties to make his appointments. Members of the Board of Trustees of the University of Wyoming should possess the highest of qualifications, and often it is difficult to find suitable appointments in some counties, since these appointments are not especially desired.

This Act also provides "that not more than five members of said board shall be registered in the same political party." I beg to advise the Legislature that when assuming office as Governor the Board was composed of seven Republicans and two Democrats, and that at the earliest possible date I changed this partisan aspect of the Board to a five-four relationship and a Republican has been Chairman of the Board during my administration.

For the reasons herein set out, I hope the Legislature will reconsider its previous action and not injure the University or hamstring the Governor in his appointments to this most important body.

Respectfully,
(Signed) LESTER C. HUNT,
Governor.

Honorable Homer Oxley
Speaker of the House
Twenty-Ninth State Legislature

Cheyenne, Wyoming
February 20, 1947

Dear Mr. Speaker:

I am returning herewith Enrolled Act No. 48, House of Representatives, being Original House Bill No. 107, on which I am withholding my approval.

This Act is the enabling act providing for reimbursement of political subdivisions for tax moneys lost to the counties by virtue of the \$2,000 exemption allowed veterans of the Civil War, Indian Wars, Spanish American War, Filipino Insurrection, Boxer Rebellion, Puerto Rico Campaign, and the First and Second World Wars.

I know of no useful purpose that would be served if this Act were given my approval, for the reason that there will not be sufficient moneys available to carry out the objectives of the Act. In my humble opinion, the proper procedure to assist political subdivisions in this particular matter would be to repeal all existing exemptions excepting those applying to World War II veterans.

Respectfully,

(Signed) LESTER C. HUNT,
Governor.

Honorable Homer Oxley, Speaker
Members of House of Representatives
Twenty-Ninth State Legislature.

Cheyenne, Wyoming
February 20, 1947

Dear Mr. Speaker:

I am returning herewith Enrolled Act No. 50, House of Representatives, being Original House Bill No. 130, on which I am withholding my approval.

My approval is withheld for the reason that there will not be sufficient funds to meet the appropriation, and if I should sign the Act I would be approving an appropriation that would place your State's financial affairs in a chaotic condition and would cause a deficit of roughly \$200,000 in the General Fund.

It is our joint responsibility to maintain our State Treasury in a solvent condition.

Respectfully,

(Signed) LESTER C. HUNT,
Governor.

Honorable Homer Oxley, Speaker
and Members of the House of
Representatives of the
Twenty-Ninth State Legislature

Cheyenne, Wyoming
February 20, 1947

Dear Mr. Speaker:

I am returning herewith Enrolled Act No. 47, House of Representatives, being Original House Bill No. 56, on which I am withholding my approval.

I find no reason being given for the taking of this department from under the supervision of the Governor and placing it under the Board of Wills and Trusts excepting to place the printing patronage of the office with Republican newspapers, while now, by and large, it is placed with Democratic, Independent, and Republican newspapers.

I find the Insurance Department as it is now constituted was set up in 1919 by a predominately Republican Legislature, and

throughout the intervening twenty-eight years, neither Republican nor Democratic Legislature have seen fit to take the action contemplated in House Bill 56.

Without exception, references made to me concerning the handling of the affairs of this office by the present Insurance Commissioner have been only complimentary, and records show, for this four-year period as compared with the previous four-year period, there has been no increase in cost of administration while there has been an increase of \$275,774.45 revenue in earnings of the Department.

Most every insurance company doing business in Wyoming and most of the thousand insurance agents in the State, regardless of their political affiliations, disapprove of the bill. Great numbers of these companies and agents have written members of the Legislature, as well as to me, pointing out the efficiency of the present Insurance Department and protesting the passage of this bill. For the record, the following quotes are taken at random from such letters:

"Such a change might possibly place an already very efficient and well supervised department into inexperienced hands and hinder rather than aid the efficient operation of an extremely important department."

"* * * I earnestly beseech you to see to it that Bill No. 56 fails to pass. I do this inasmuch as I believe the Insurance Department of the State of Wyoming should be run on a business-like basis and not become a political football, being kicked around from one department to the other. Your earnest and sincere cooperation is anticipated in this direction."

"Changing of the office of Insurance Commissioner would be a grievous error. There is more potential benefit and more value to the peoples of the state in the insurance estates than in the sheep and cattle business combined, or the oil industry, or the agriculture of Wyoming.

"The continued safety of those investments and estates is of major importance.

"To make a political football of the office of Insurance Commissioner would be a serious mistake. In fact, I believe that when a good man is found for a job, he should be continued in office regardless of change in administration."

"Bill 56, relating to a change in the appointive jurisdiction of the State Insurance Department, has come to my attention. It has come to my mind that you may be interested in how those of us in the insurance business feel about this change.

"In my past associations with Insurance Departments in other states compared with the association I have had here with Mr. Barrus, it is my firm conviction that no improvement would be made by making the change as provided in the Bill. Under the present system my personal opinion is that it is very well organized and that the Department is operating most efficiently.

"Mr. Barrus has impressed me as being exceptionally cooperative and my recommendation in view of the benefit to the insurance companies, the people of Wyoming, and to the insurance agents would be to leave the Insurance Department as it is today."

"Re House Bill 56. There is no reason connected with efficient government for shifting insurance department * * *. This department is too important to make it a partisan issue. Our contacts with this department show it to be run on a businesslike and non-partisan basis. Function of department is not related to that of other offices. Department is watchman for citizens of state on insurance matter, and is not a part time collecting job. I am asking that Natrona County delegation forget politics and oppose this bill."

"As President of Wyoming State Association of Life Underwriters, I feel very keenly the effect of 'Bill 56 relating to a change in the appointive jurisdiction of the State Insurance Department.'

"Inasmuch as this office is amongst the largest revenue producing departments in the state, I feel that the effect of this bill, should it pass, would be detrimental to those of us active in the insurance business as well as to the citizens of our state.

"I am sure that I speak for a great number of men and women both in and out of the business when I say that the management of this department has been carried out as efficiently as it would be possible for anyone to do so.

"I hate to think that every time we have a change in the political structure of our state house, that this department would have change of operations.

"I want you to know that if there is anything I can do for you, whether it be to appear before a committee or to express my views to those interested in the welfare of this department, that I shall be ready to do so."

"Since 1919 the Insurance Department has been directed by the Chief Executive of our great state.

"In my opinion it would be a grave mistake to pass this bill, since it is common knowledge that this Department has, of recent years, been functioning more efficiently than ever before.

"Considering the highly technical business of insurance and the efficient manner in which this office has been conducted, it is obvious that the office of the Insurance Department should remain unchanged."

"It is significant that in almost every other state of the U. S. A., the Chief Executive appoints and directs the State Insurance Department, the same as in Wyoming.

"The fact that the Wyoming Insurance Department is ably managed, efficiently operated and serves the best interests of the state's Policyholders, is conclusive evidence that the present status of this Department should remain unchanged."

"After a careful reading of H. B. No. 56 I have reached the conclusion that the passage of this Bill in any form would be detrimental to the welfare of the people of Wyoming.

"This Bill attempts to make a mockery of the Office of the Insurance Commissioner, which office has been up until now held in high esteem by self-respecting insurance agents all over the State.

"By voting this Bill into law, Wyoming would no longer be protecting its citizens from the scourges of the insurance profession rather, it would be making them easy prey for any wildcat

insurance operations that 'shrewd operators' might care to carry out.

"I therefore urge, for the safety of the people of Wyoming, that this Bill and its proposed amendments be voted out of existence."

Insurance is a factor in our economy which is closely related to the safety, comfort, and well-being of the great majority of the people of Wyoming, and it is entitled to representation as a separate department.

The State Insurance Department must not be made a political football, which is exactly what the passage of this measure would do. If this bill were enacted into law, it would be no less plausible for the Democrats, at such time as they again have a majority in the Legislature, to change the department back to its present status. The disastrous consequences of such procedure are too obvious to require elaboration.

If there is instituted the practice of switching the Insurance Department back and forth every time the political winds blow a different direction, it is not at all unlikely that with this precedent the same practice will be put into effect with other important offices. And again the consequences would be so obviously detrimental and even ruinous that no further elaboration on that thought is here necessary.

The integrity and business-like conduct of our state government and its offices must be preserved.

Respectfully,

(Signed) LESTER C. HUNT,
Governor.

Unfinished Business

The following resolution was received and read:

It has been the custom of former Sessions of the Legislature for Members to retain the copies of the Statutes that have been issued to them. At this Session there has been some question regarding the interpretation of Section 16-605, Wyoming Compiled Statutes, 1945.

To resolve this question,

IT IS HEREBY RESOLVED, that each Member of this Session may retain one set of the 1945 Wyoming Compiled Statutes, and that a copy of this resolution be spread upon the Journal to relieve the Secretary of State of any liability therefor, provided that each

Member who retains the volumes and becomes a Member of any future Legislatures will not be provided with an additional set.

IT IS FURTHER RESOLVED that the Secretary of State be requested to send each Member who retains his set of the 1945 Wyoming Compiled Statutes, the fifth volume thereof when the same is received from the printers.

Mr. Mayland moved that the resolution be adopted, and the motion prevailed.

Recess

Mr. Mayland moved that the House recess until 2:00 p. m. this afternoon. The motion prevailed, and at 11:40 a. m. it was so ordered.

In those areas wherein bear is classed as a game animal by the Commission, any bear doing damage to private property may be immediately taken and killed by the owner, or employee of the owner, or lessee of said property or by any authorized employee of the Fish and Wild Life Service of the United States, the Commission being legislatively authorized and directed to segregate and earmark ten thousand dollars of funds in its control during each succeeding biennium or so much thereof as may be required for payment of expense incident to cooperation hereunder with such Federal authority or otherwise. Provided, further, that said owner, employee, or lessee shall immediately notify the nearest Deputy Game Warden of such killing, and shall save and care for the skin of such bear so killed, and procure a Wyoming Game Tag therefor. In all other areas and portions of Wyoming, bear shall be deemed a predatory animal.

The holder of a resident hunting and fishing license, or a resident bear permit (special), or the holder of a non-resident hunting and fishing license, or of a non-resident bear permit (special) shall be entitled to hunt, pursue and kill one bear for each license or permit under the restrictions imposed by the laws of the State of Wyoming."

Cheyenne, February 22, 1947

Mr. Speaker:

Your Committee No. 10 on Roads, Bridges and Highways to whom was referred S. F. No. 74, Introduced by Committee No. 9, Transportation. A BILL for AN ACT amending and re-enacting Subsection (n) of Section 60-1302, Section 60-1311, Section 60-1312 and Section 60-1336, Wyoming Compiled Statutes, 1945, defining common motor carriers, providing for issuance of permits to contract motor carriers, for certain supervision thereof by Public Service Commission of Wyoming, providing for exchange of certain common carrier certificates for contract carrier permits and repealing Subsections (b), (d), and (e) of Section 32-2002, Wyoming Compiled Statutes, 1945, respectfully reports same back to the House with the recommendation that it

Do Pass.

On behalf of Committee No. 10, I am offering this Do Pass to S. F. No. 74. While this motion does not actively express the sentiments of the committee, we feel that, inasmuch as this Senate File has been prepared and considered by the Senate Committee and has passed the Senate, by a vote of 22-1, it is entitled to the courtesy of a hearing on the floor of the House. We, your committee, do not want to be placed in the same category of certain Senate committees who have not extended to certain House Bills the same con-

sideration. This Senate File is given to the House on its merits without benefit of committee discussion.

(Signed) E. L. CHAMBERLAIN,
Chairman.

Cheyenne, February 22, 1947

Mr. Speaker:
