

## Enrolled Act No. 10, House of Representatives

NINETEENTH LEGISLATURE OF  
THE STATE OF WYOMING

AN ACT to amend and re-enact Section 3027, Wyoming Compiled Statutes, 1920, as amended and re-enacted by Section 1, Chapter 144, Session Laws of Wyoming, 1925, relating to awarding of contracts by The State Highway Commission.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WYOMING:

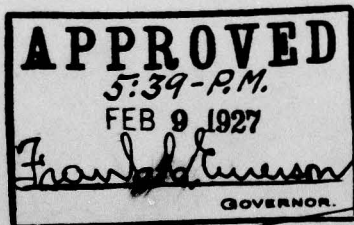

Section 1. That Section 3027, Wyoming Compiled Statutes 1920, as amended and re-enacted by Chapter 144, Session Laws of Wyoming 1925, be amended and re-enacted to read as follows:

Section 3027. All road and bridge construction work any part of the cost of which is paid from the State Highway fund, shall be performed in accordance with the plans and specifications prepared by the State Highway Superintendent and approved by the Commission, and shall be performed by or under contracts awarded by the Commission, and the State Highway Superintendent shall have complete charge thereof, except on those highways constructed, improved or maintained in co-operation with the Secretary of Agriculture of the United States under Section Eight of the Act of Congress or other Federal Act or Acts specifically authorizing the use of federal funds to build roads within or partially within the national forests. All improvements costing more than two thousand dollars shall be constructed upon contracts awarded to the lowest responsible bidder after public notice, but the Commission may reject any or all bids and re-advertise for bids; and the improvements costing less than two thousand dollars may be constructed by the Commission upon force account or upon contract awarded upon public notice, as the Commission may determine, provided that contracts may be entered into with railroad companies for the construction of grade separation structures, at actual cost under terms and conditions approved by the Commission. Whenever an emergency arises requiring immediate expenditure of funds for the repair or rebuilding of bridges, approaches to bridges and roadway; when such bridges, approaches to bridges or roadway are required to be built immediately, and on such short time that in the judgment of the State Highway Commission, the people would be seriously inconvenienced in awaiting the regular advertising for bids for such building and rebuilding of bridges, approaches and roadway, the State Highway Commission may enter into contract for any such building or rebuilding of bridges, approaches or roadway without advertising for the letting of any contract therefor, provided the amount of such contract shall not exceed ten thousand dollars, (\$10,000.00). The Commission shall adopt general rules regulating the publication of notice to bidders and the awarding of contracts.

Section 2. This Act shall take effect and be in force from and after its passage.
