DISADVANTAGED BUSINESS ENTERPRISE DIRECTORY

Table of Contents

- I. Introduction**
- II. Electronic Directory Information**
- III. Highway Disadvantaged Business Enterprise (Alphabetical listing)**
- IV. Non-Highway Disadvantaged Business Enterprise (Alphabetical listing)**

I. INTRODUCTION

The Disadvantaged Business Enterprise (DBE) Directory is published in hard copy annually. The Directory lists those DBE firms with current certification by the Wyoming Department of Transportation. This publication is provided for informational purposes only, and is subject to revision. Periodic updates indicating any change will be published on the WYDOT web site. (See below.)

The types of work listed in the Directory are those proposed by each DBE. The Wyoming Department of Transportation does not certify or pre-qualify a DBE for the types of work proposed, and accordingly, does not guarantee the capability, dependability or availability of any DBE listed; nor can it be assumed that any DBE listed qualifies as a Regular Dealer (supplier) in materials.

Out-of-State DBE firms must be concurrently certified by the Wyoming Department of Transportation and the State Highway Agency in their resident State prior to the bid letting in order for their participation in a contract to be counted toward the contract DBE participating goal.

A DBE firm that is subcontracting or acting as a material supplier on a Federal-aid highway project must perform a commercially useful function. Failure to perform a commercially useful function may be grounds for decertification.

If you have any questions regarding the DBE certifications status of firms listed in the Directory, or firms claiming certified status which are not listed in the Directory, please contact the DBE Certification Officer of the Wyoming Department of Transportation.

II. ELECTRONIC DIRECTORY INFORMATION

The WYDOT DBE Directory and E-116A Listing is available through WYDOT'S Home Page at: <http://www.dot.state.wy.us>. This will be the most current information as the directory is updated on an ongoing basis as changes occur.

Website Links Sequence from www.dot.state.wy.us:
