A BILL
for

AN ACT providing for the tuberculin testing for tuberculosis of all dairy cows supplying milk or cream in cities or towns ~~(or to creameries)~~ in the State of Wyoming; providing for the appointment of a qualified person to make such tests; providing penalties for violation of certain sections; and making an appropriation to carry out its provisions.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WYOMING:

SECTION 1. Tuberculin test of dairy cattle. Penalty. All cows in the State of Wyoming supplying milk or cream in cities or towns, ~~(or to creameries)~~ in this state, shall be tuberculin tested for tuberculosis; and all bulls which are or are known to have been exposed to such cows, shall also be tested as above. If necessary, the State Veterinarian may order the quarantine of such animals as suspected of being diseased with tuberculosis; and any person, persons, firm, association, or corporation violating such quarantine shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than ten dollars nor more than one hundred dollars for each offense.

SECTION 2. Appointment Special Deputy State Veterinarian. Duties. Salary. Other assistants. The State Veterinarian, by and with the advice and consent of the Governor, is hereby authorized to appoint a qualified person, to be known as special deputy state veterinarian, who shall act under the direction of the State Veterinarian in carrying out the provisions of this Act, who shall take an oath for the faithful and efficient performance of all duties required of him and who shall give satisfactory bond to the State of Wyoming in the sum of three thousand dollars (\$3,000.00). The special deputy state veterinarian shall receive a salary of one thousand five hundred dollars (\$1,500.00) per annum, together with all actual and necessary traveling expenses incurred while engaged in the performance of his duties. The State Veterinarian is further authorized to employ such other assistants as may be deemed necessary to

carry out the provisions of this Act.

SECTION 3. Certificate or permit. Penalty. No dairy, association, person, or persons engaged in the business of selling milk or cream in cities or towns (or to creameries) in this state, may sell such milk or cream unless they possess a certificate or special permit from the State Veterinarian, as hereinafter provided. Any dairy, association, person, or persons violating this section shall be deemed guilty of a misdemeanor and shall upon conviction thereof be fined not less than ten dollars nor more than one hundred dollars, for each offence.

SECTION 4. Certificate. Permit. On completion of the tuberculin test upon all dairy cattle as above, owned by any dairy, association, firm, corporation, person, or persons, the State Veterinarian shall cause a certificate to be issued to such owner or owners, showing that all such cattle are free from tuberculosis; or, if all animals were not found free from tuberculosis; a certificate showing that proper disposition (as required by law) has been made of diseased animals, and that the remaining animals in the herd or herds are free from tuberculosis, so far as may be determined by the tuberculin test. Such certificate shall be the owner's authority for selling milk or cream as above. As the tuberculin testing of all dairy cattle in this state cannot begin immediately upon the date that this Act becomes effective, the State Veterinarian is hereby authorized to issue special permits to owners of such cattle as remain untested while the provisions of this Act are being carried out, for the selling of milk or cream in cities or towns (or to creameries) in this state, without certificate as above provided. These special permits shall be effective only for the period from the date that this act becomes effective, until proper test and issuance of certificate as above provided.

SECTION 5. Notice to Owners. The State Veterinarian, or his duly authorized agent shall ascertain the names and addresses of all owners of dairy cattle in this state and shall notify them, in

writing, of the provisions of this Act,--obtaining acknowledgement, from owner, of receipt of such notice. No person, persons, firm, association, or corporation owning dairy cattle shall be considered as violating the provisions of this act, who has not been officially notified of its provisions. The owner notified shall make application to the State Veterinarian for a special permit as above provided,--to be used as his authority for selling milk or cream in cities or towns, (or to creameries) in this state, until such animals shall have been tuberculin tested and certificate issued as above provided.

SECTION 6. Ear tags. Record. Each animal tested with tuberculin under the provisions of this Act, which passes the test satisfactorily to the State Veterinarian, shall have an ear-tag inserted in its ear. The State Veterinarian shall see that a correct record is kept of all cattle tested, the date and place of testing, the names and addresses of owners, and the number of the ear-tag inserted in the ear of each animal, and shall report this information in his regular biennial report.

SECTION 7. Dairy cow defined. A "dairy cow" within the meaning of this Act, shall be any cow the milk or milk products from which is sold for human consumption.

SECTION 8. Fees. The first tuberculin test of all cattle of owners selling milk or cream in cities or towns (or to creameries) in this state, shall be made without charge to such owners; but for subsequent tests, at owners' request or otherwise (except as hereinafter provided) a fee of one dollar per head shall be charged and collected by the veterinarian making the test.

SECTION 9. Tuberculosis eradication fund. The fees collected in compliance with the preceding section, shall be immediately transmitted to the State Veterinarian who shall deposit same in the State Treasury to the credit of the "Tuberculosis Eradication Fund" hereby created; such fund shall be under the control of the State Veterinarian and any salaries or expenses connected with bovine tuberculosis eradication work in this state may be paid by the State Treasurer from such fund, upon presentation of State Auditor's voucher properly

approved.

SECTION 10. Re-tests of cattle. Whenever the State Veterinarian shall have reasons to suspect that the disease tuberculosis exists, or has been introduced by imported dairy cattle, among any herd or number of dairy cattle in this state, he shall order the retesting of same,--regardless of former tests made, if any.

SECTION 11. Accredited herds. Any owner or owners of dairy cattle in this state, who shall cause same to be officially tested for tuberculosis at least once each year, for three years, shall be the owner or owners of an "Accredited Herd;" provided the premises and buildings where such animals are kept, pass a sanitary inspection required by regulations (hereby authorized) of the State Veterinarian. Accredited herds shall be advertised as such, at least once each year, in the official county newspapers of the counties wherein such animals are assessed for taxation, and in other ways; and cattle from accredited herds shall be accepted without special tuberculin test for shipment to all states of the Union recognizing such herds.

SECTION 12. Unsanitary premises. Penalty. The State Veterinarian or other person acting under his authority may order any un- sanitary dairy barns or premises, cleaned and disinfected. Such cleaning and disinfecting shall be at the expense of the owner or owners. If, after a reasonable length of time, Unsanitary barns or premises order cleaned and disinfected by the State Veterinarian or other person acting under his authority, are not cleaned and disinfected as ordered, then such owner or owners shall be fined not less than ten dollars nor more than one hundred dollars, for each offence.

SECTION 13. Cities may require test. The Mayor or Board of Commissioners of any city or town of this state shall have the power by ordinance duly enacted, to require the owner or owners of dairies or dairy herds, or persons selling or offering for sale any milk or its products within such city or town, to compel such owners of dairies or dairy herds, to have all animals in such herds tested for tuberculosis, once each year; and to prohibit the sale of

-5-

milk or its products in such city or town unless all cows from which such milk is obtained have passed the test for tuberculosis within the past year.

SECTION 14. Hindering test. Penalty. Any person who intentionally interferes with or hinders the work of the State Veterinarian or his employees under this Act, or who attempts to defeat the object of the tuberculin test by a previous injection of tuberculin, commonly known as "plugging," or in any other way attempts to prevent an accurate and truthful determination of the condition of the cattle tested, shall be fined not less than ten dollars nor more than one hundred dollars for each offence, or by imprisonment in the county jail of not more than thirty days, or both, in the discretion of the court.

SECTION 15. Appropriation. For the purpose of assisting in carrying out the provisions of this Act there is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, the sum of six thousand dollars. (\$6,000.00).

SECTION 16. Repeal. All Acts or parts of Acts in conflict with the provisions of this Act are hereby repealed.

SECTION 17. This Act shall take effect and be in force from and after its passage.

A BILL
for
the performance of all duties
required of him and who shall give satisfactory bond to the State
of Wyoming in the sum of three thousand dollars for the
cure of all dairy cows supplying milk or cream in cities or
towns or to creameries in the State of Wyoming; providing for
the appointment of a qualified person to make such tests; providing
penalties for violation of certain sections; and making an
appropriation to carry out its provisions.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF
WYOMING:-

Section 1. Certificate of payment.

Section 1. ~~1~~ Tuberculin test of dairy cattle. Penalty.
All cows in the State of Wyoming supplying milk or cream in cities
or towns, or to creameries in this state, shall be tuberculin tested
for tuberculosis; and all bulls which are or are known to have
been exposed to such cows, shall also be tested as above. If
necessary, the State Veterinarian may order the quarantine of
such animals as suspected of being diseased with tuberculosis;
and any person, persons, firm, association, or corporation violating
such quarantine shall be deemed guilty of a misdemeanor and upon
conviction thereof shall be fined not less than ten nor more than
one hundred dollars for each offence.

Section 2. Appointment Special Deputy State Veterinarian.

Duties. ~~to~~ Salary. Other assistants. The State Veterinarian, by
and with the advice and consent of the Governor, is hereby authorized
to appoint a qualified person, to be known as special deputy state
veterinarian, who shall act under the direction of the State Veter-

COL

Y BLD

inarian in carrying out the provisions of this act, who shall take an oath for the faithful and efficient performance of all duties required of him and who shall give satisfactory bond to the State of Wyoming in the sum of three thousand dollars (\$3,000.00). The special deputy state veterinarian shall receive a salary of one thousand five hundred dollars (\$1,500.00) per annum, together with all actual and necessary traveling expenses incurred while engaged in the performance of his duties. The State Veterinarian is further authorized to employ such other assistants as may be deemed necessary to carry out the provisions of this act.

Section 3. Certificate or permit. Penalty. No dairy, association, person, or persons engaged in the business of selling milk or cream in cities or towns or to creameries in this state, may sell such milk or cream unless they possess a certificate or special permit from the State Veterinarian, as hereinafter provided. Any dairy, association, person, or persons violating this section shall be deemed guilty of a misdemeanor and shall upon conviction thereof be fined not less than ten nor more than one hundred dollars, for each offence.

Violating the provisions of this act, who has not been officially certified of the provisions of this act, shall have no authority for selling milk or cream in this state, until he has been officially certified by the State Veterinarian for a special permit.

Section 4. Certificate. Permit. On completion of the tuberculin test upon all dairy cattle as above, owned by any dairy, association, firm, corporation, person, or persons, the State Veterinarian shall cause a certificate to be issued to such owner or owners, showing that all such cattle are free from tuberculosis; or, if all animals were not found free from tuberculosis, a certificate showing that proper disposition (as required by law) has been made of diseased animals, and that the remaining animals in the herd or under the provisions of this act, which

are not subject to the provisions of this act, shall have no authority to be sold or offered for sale in this state, until he has been officially certified by the State Veterinarian.

or ploughing in the sum of three thousand dollars (\$3,000.00).
Leased or given and used with said equipment prior to the date
so early for the purpose and otherwise than in the course
of carrying out the provisions of this act and such use

herds are free from tuberculosis, so far as may be determined by the tuberculin test. Such certificate shall be the owner's authority for selling milk or cream as above. As the tuberculin testing of all dairy cattle in this state cannot begin immediately upon the date that this act becomes effective, the State Veterinarian is hereby authorized to issue special permits to owners of such cattle as remain untested while the provisions of this act are being carried out, for the selling of milk or cream in cities or towns or to creameries in this state, without certificate as above provided. These special permits shall be effective only for the period from the date that this act becomes effective, until proper test and issuance of certificate as above provided.

Section 5. Notice to owners. The State Veterinarian, or his duly authorized agent shall ascertain the names and addresses of all owners of dairy cattle in this state and shall notify them, in writing, of the provisions of this act, - obtaining acknowledgement, from owner, of receipt of such notice. No person, persons, firm, association, or corporation owning dairy cattle shall be considered as violating the provisions of this act, who has not been officially notified of its provisions. The owner notified shall make application to the State Veterinarian for a special permit as above provided, - to be used as his authority for selling milk or cream in cities or towns, or to creameries in this state, until such animals shall have been tuberculin tested and certificate issued as above provided.

Section 6. Ear tags. Record. Each animal tested with tuberculin under the provisions of this act, which passes the test satisfactorily to the State Veterinarian, shall have an ear-tag in-

to the State Veterinarian who shall cause same to be officially tested for tuberculosis at least once each year, for three years.

inserted in its ear. The State Veterinarian shall see that a correct record is kept of all cattle tested, the date and place of testing, the names and addresses of owners, and the number of the ear-tag inserted in the ear of each animal, and shall report this information in his regular biennial report.

Section 7. Dairy cow defined. A "dairy cow" within the meaning of this act, shall be any cow the milk from which is sold for human consumption.

Section 8. Fees. The first tuberculin test of all cattle of owners selling milk or cream in cities or towns or to creameries in this state, shall be made without charge to such owners; but for subsequent tests, at owners' request or otherwise (except as hereinafter provided) a fee of one dollar per head shall be charged and collected by the veterinarian making the test.

Section 9. Tuberculosis eradication fund. The fees collected in compliance with the preceding section, shall be immediately transmitted to the State Veterinarian who shall deposit same in the State Treasury to the credit of the "Tuberculosis Eradication Fund" hereby created; such fund shall be under the control of the State Veterinarian and any salaries or expenses connected with bovine tuberculosis eradication work in this state may be paid by the State Treasurer from such fund, upon presentation of State Auditor's voucher properly approved.

Section 10. Re-tests of cattle. Whenever the State Veterinarian shall have reasons to suspect that the disease tuberculosis exists, or has been introduced by imported ^{dairy} cattle, among any herd or number of ^{dairy} cattle in this state, he shall order the re-testing of same, - regardless of former tests made, if any.

Section 11. Accredited herds. Any owner or owners of dairy cattle in this state, who shall cause same to be officially tested for tuberculosis at least once each year, for three years,

INDEMNIFIED IN THE CASE OF EACH SUBJECT; AND THAT RELATIONSHIP AND RELATIONSHIP AND DEDICATIONS OF CATTLE; AND THE CHARGE OF THE CATTLE-TEST RECORDS IN KEEPS OF SUCH CATTLE TESTED; THE STATE AND STATE OF PENNSYLVANIA HAVING IN THE CATTLE. THE DISEASE RECOMMENDED SHALL BE THAT OF COWBOYS

"Accredited Herd"

shall be the owner or owners of an "Accredited Herd"; provided the premises and buildings where such animals are kept, pass a sanitary inspection required by regulations (hereby authorized) of the State Veterinarian. Accredited herds shall be advertised as such, at least once each year, in the official county newspapers of the counties wherein such animals are assessed for taxation, and in other ways; and cattle from accredited herds shall be accepted without special tuberculin test for shipment to all states of the Union recognizing such herds.

Section 12. Insanitary premises. Penalty. The State Veterinarian or other person acting under his authority may order any insanitary dairy barns or premises, cleaned and disinfected. Such cleaning and disinfecting shall be at the expense of the owner or owners. If, after a reasonable length of time, insanitary barns or premises ordered cleaned and disinfected by the State Veterinarian or other person acting under his authority, are not cleaned and disinfected as ordered, then such owner or owners shall be fined not less than ten nor more than one hundred dollars, for each offence.

Section 13. Cities may require test. The Mayor or Board of Commissioners of any city or town of this state shall have the power by ordinance duly enacted, to require the owner or owners of dairies or dairy herds, or persons selling or offering for sale any milk or its products within such city or town, to compel such owners of dairies or dairy herds, to have all animals in such herds tested for tuberculosis, once each year; and to prohibit the sale of milk or its products in such city or town unless all cows from which such milk is obtained have passed the test for tuberculosis within the past year.

1935. TUBERCULIN TEST. PROVIDING FOR THE TUBERCULIN TEST
TESTING OF CATTLE AND THE PENALTY FOR VIOLATION OF THE
TESTING AND PLUGGING REGULATIONS AND THE PENALTY FOR VIOLATION
OF THE TEST AND PLUGGING REGULATIONS AND THE PENALTY FOR VIOLATION

Section 14. Hindering test. Penalty. Any person who intentionally interferes with or hinders the work of the State Veterinarian or his employees under this act, or who attempts to defeat the object of the tuberculin test by a previous injection of tuberculin, commonly known as "plugging", or in any other way attempts to prevent an accurate and truthful determination of the condition of the cattle tested, shall be fined not less than ten nor more than one hundred dollars for each offence, or by imprisonment in the county jail of not more than thirty days, or both, in the discretion of the court.

Section 15. Appropriation. For the purpose of assisting in carrying out the provisions of this act there is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, the sum of six thousand dollars (\$6,000.00).

Section 16. Repeal. All acts or parts of acts in conflict with the provisions of this act are hereby repealed.

Section 17. This act shall take effect and be in force from and after its passage.
